This yearbook is dedicated to people. People come in so many varieties, yet we go through school all being molded the same way. It is only through time and experience that we become individuals. This year's theme is time with emphasis on the time we've spent in school, always being guided by someone, and on the new awakening into life that we face when we graduate and go into the virtual unknown. Often in happy times, we wish that we could save time and stay where we are now. Instead, since time has to march on, the end of high school should not be the end but rather, a new awakening and our chance to become individuals.

*Searching . . .
for a place to belong . . .
for a direction to follow . . .
for something to give
meaning
to one's life . . . that which
each needs to do himself.*

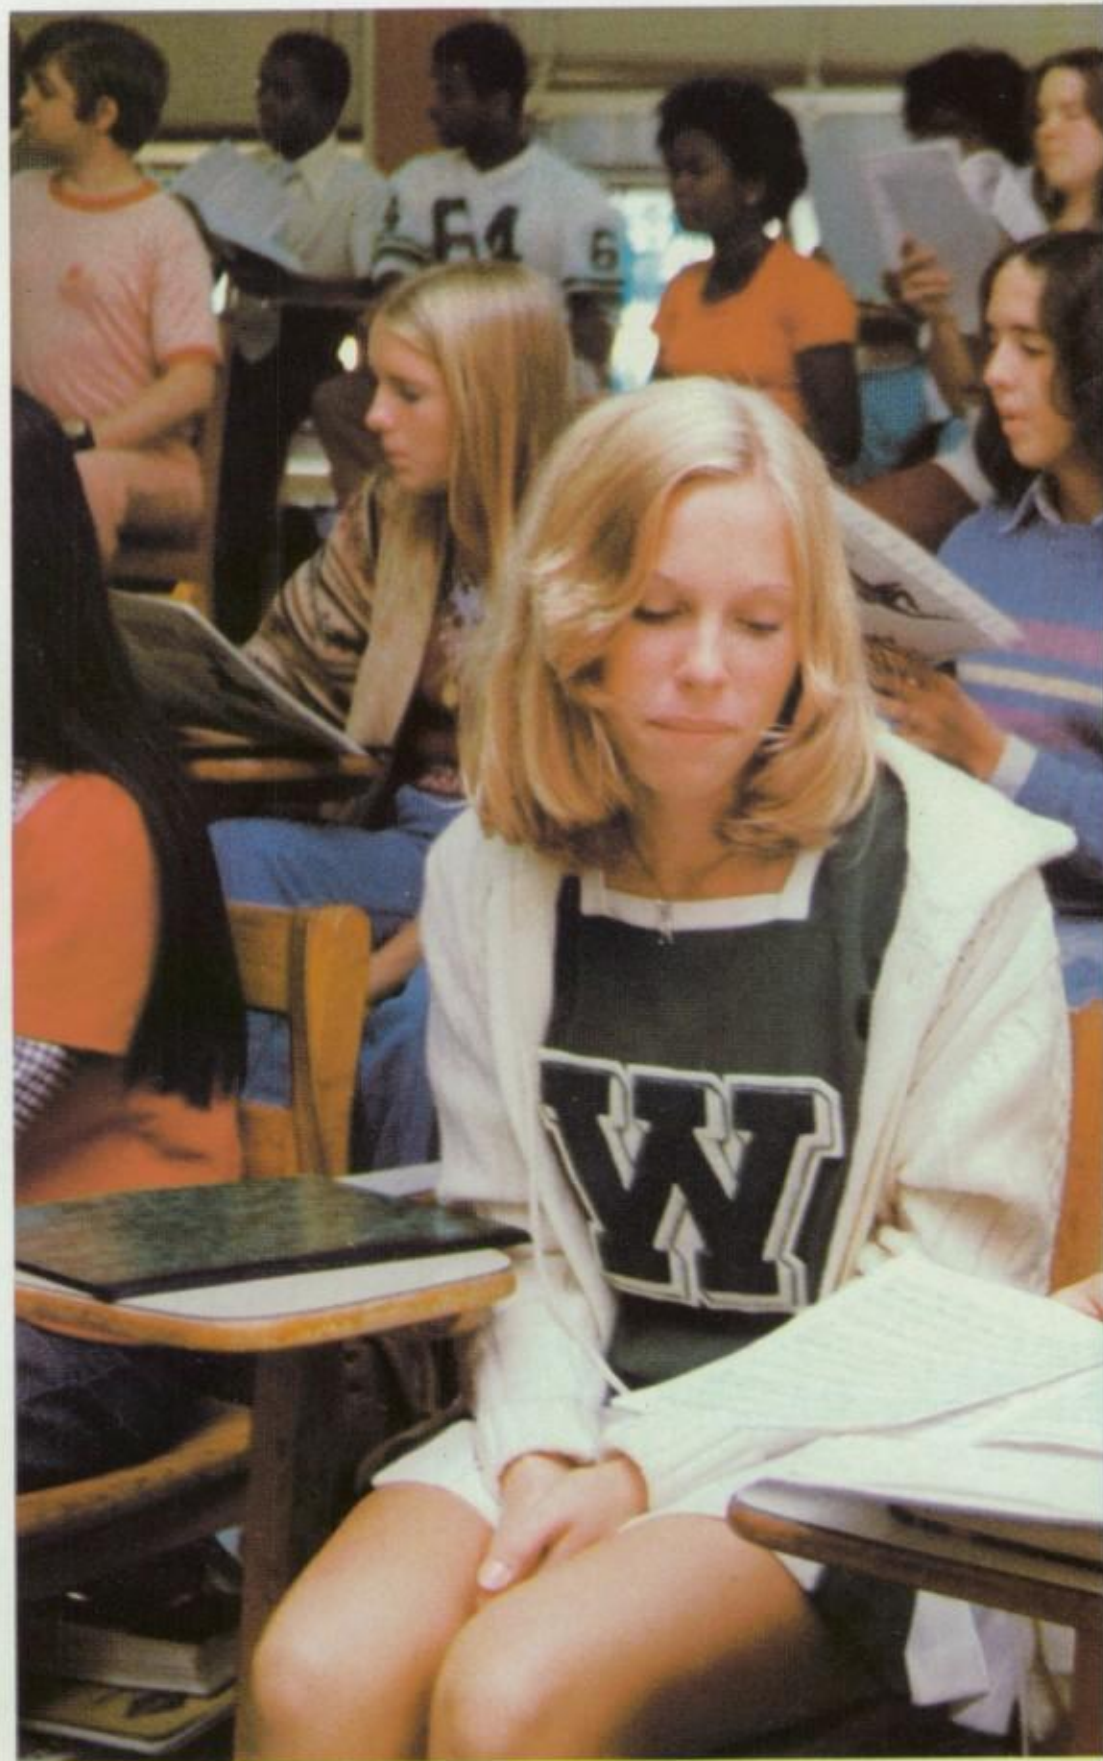

Principal
Mr. Victor Blue, Jr.

*Belonging . . . to
your school . . .
finding enjoyment
in the events of
every day life . . .
being a part of the
world in which we
live.*

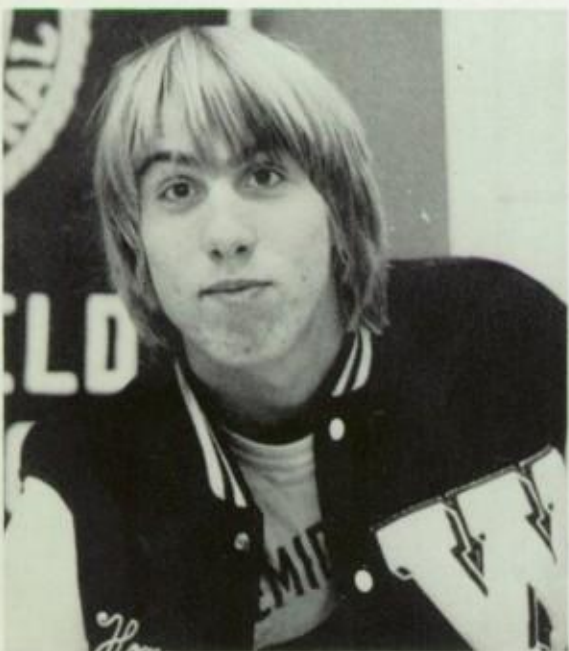

*Succeeding . . . knowing
we've accomplished
something . . . knowing
what it's like to
be the best . . . knowing
we've got the
spirit to try . . . making
Wakefield
Number One.*

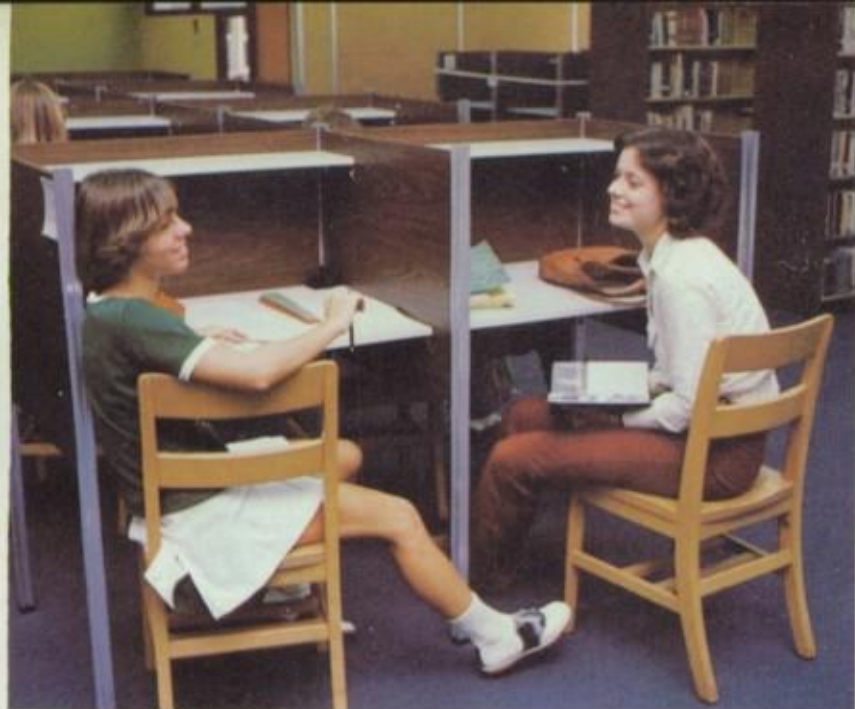

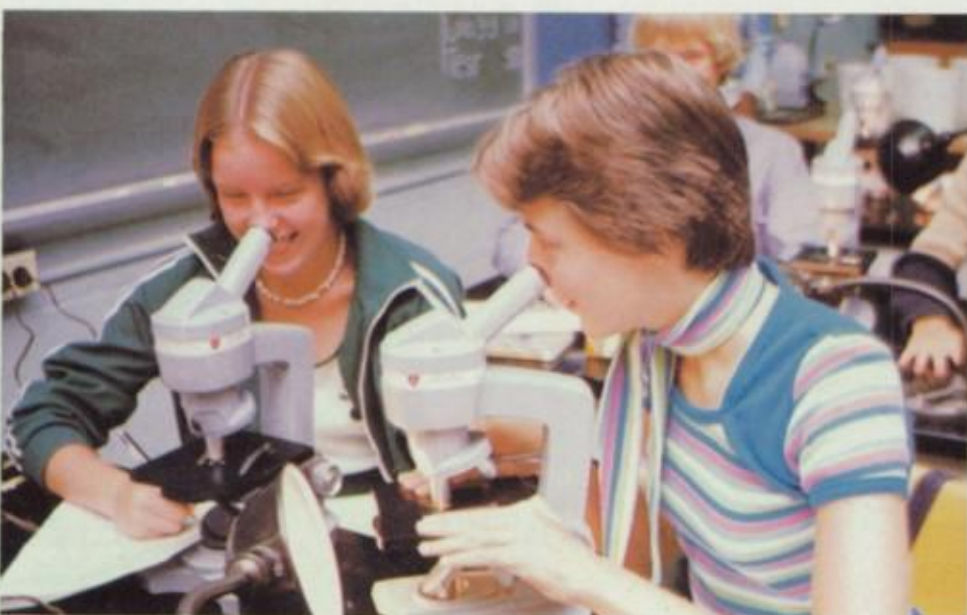

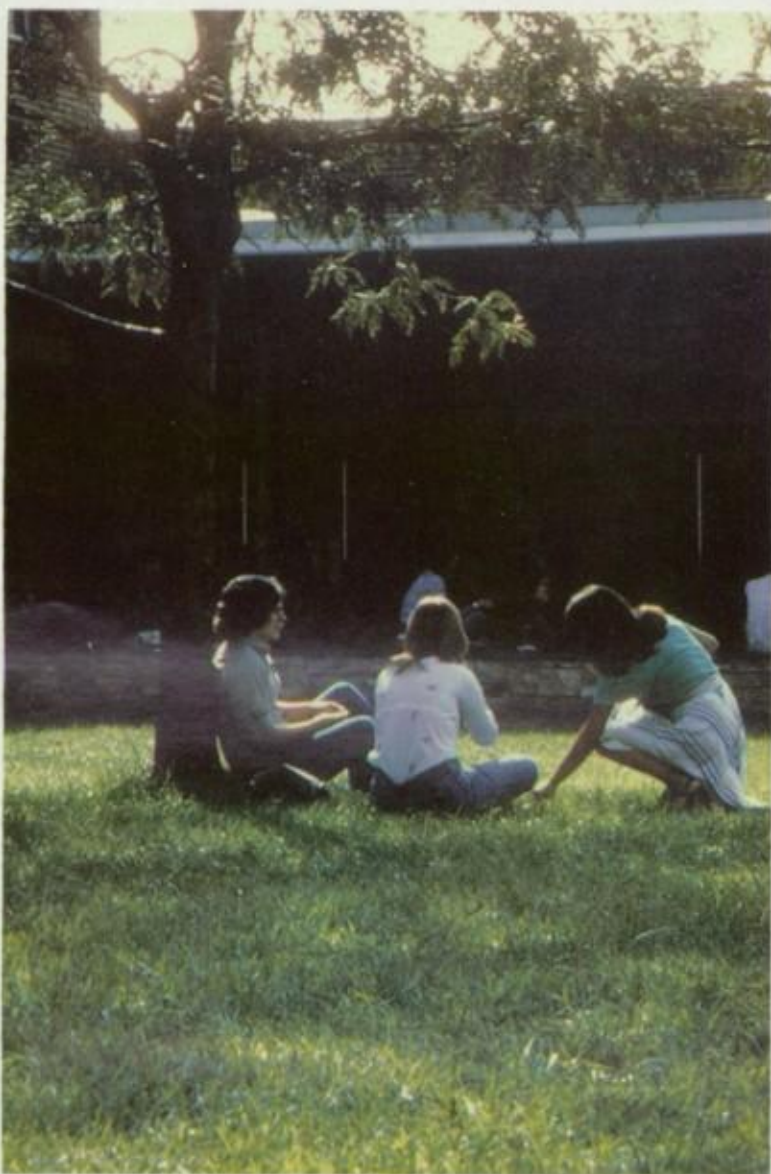

*Relating . . . to
one another . . .
expanding one's
scope to involve
others . . . being
able to get along . . .
an important element
in making Wakefield
what it is.*

*Friendships . . . an
important element in
growing up . . . finding
a group to share
experiences with . . .
enjoying what you do
. . . just being together.*

*Spirit . . . the tie that binds us all
into one . . . the force that allows
us to unite . . . the feeling of
belonging that makes Wakefield
Number One.*

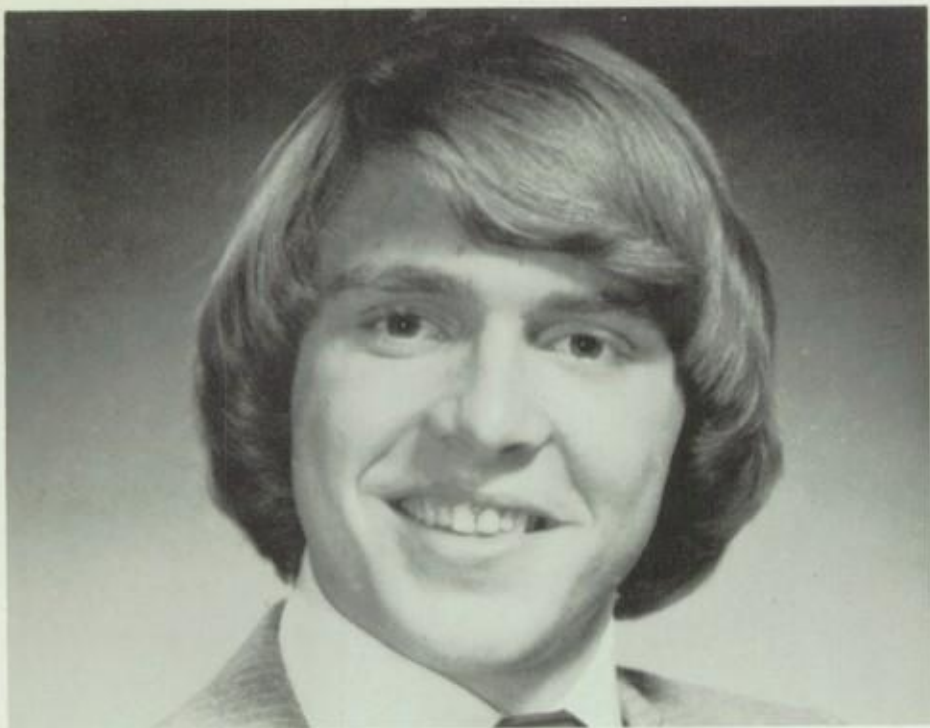

*Remembering . . . when the sun rose
before school started . . . when
lunch was breakfast . . . the good
humor man after school . . .
booster buddies . . . pep rallies
. . . all the good times we spent
at Wakefield.*

Student Board

WELCOME, That is what is in front of the Student Board office, THAT and all the trash David keeps putting out. Where did all the trash come from? Glad you asked! Mostly from the "well kept" files of the previous S.B.'s (that's Student Board's). Oh yes, YOUR Student Board has been busy. We spent one month moving from office to office and three months wrestling with the files, but it all has been very meaningful, for all of us. Jill is learning how to use a phone; Bob has fallen in love with the wall; Clark is making a fortune selling us his candy bars; Rosalyn is in complete amazement with us; Meg is busy keeping the files at her house; and Rochelle . . . well why bother with perfection. That's us, aren't you glad you elected us! Oh, by the way, would you like to buy a balloon!!

Meg Knox

Hey, come here, quick!

You should see the one that got away!

I switched to Bayer.

Let her take your picture.

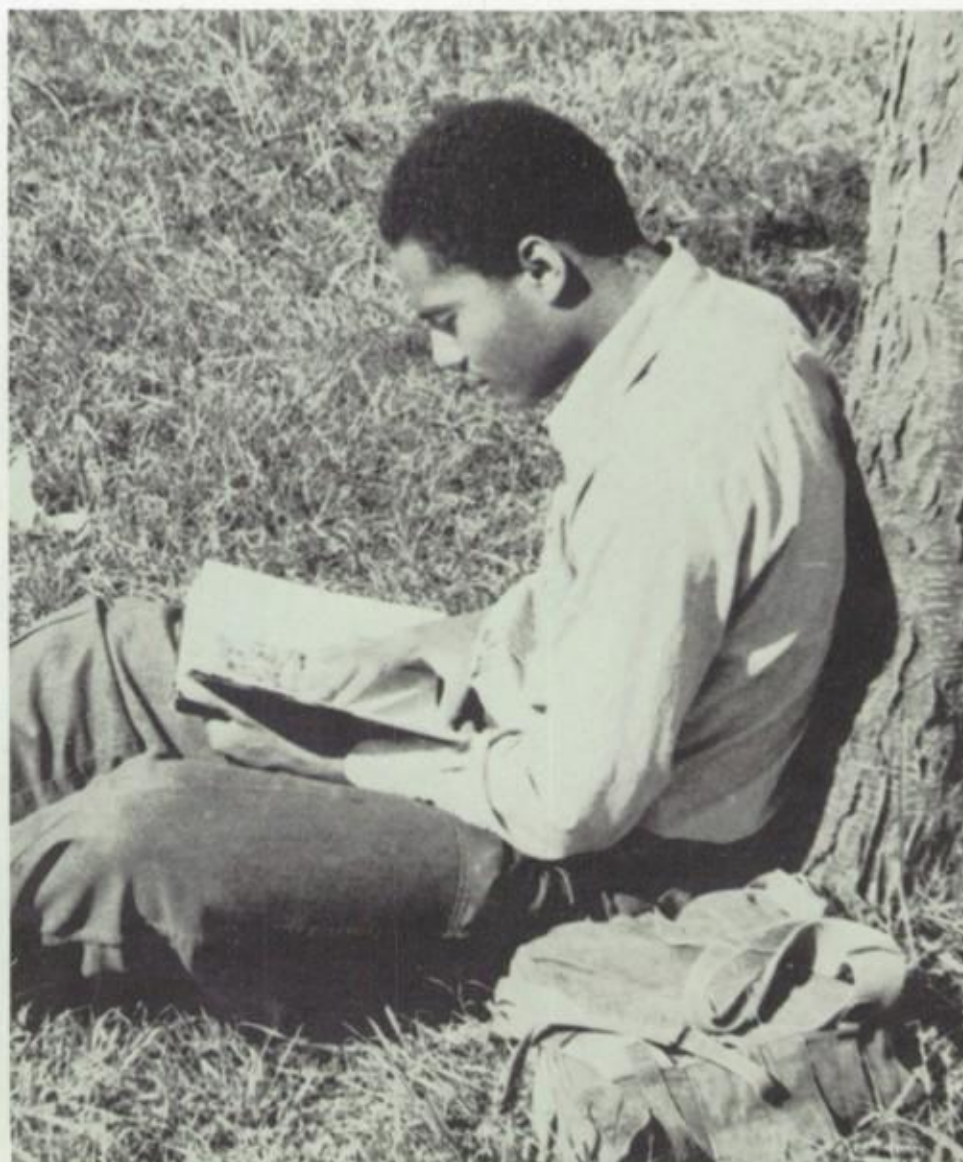

You have GOT to be kidding!

You're the only one who listens to me.

He should be by here any minute now.

Why did I wait so long to read this good book?

We're having a test today.

Shake, shake, shake!

Teacher is gone - Time to cheat.

Math is no laughing matter.

Did that man wink at you?

. . . And now for the blush.

Wakefield Graffiti

Talk about high!

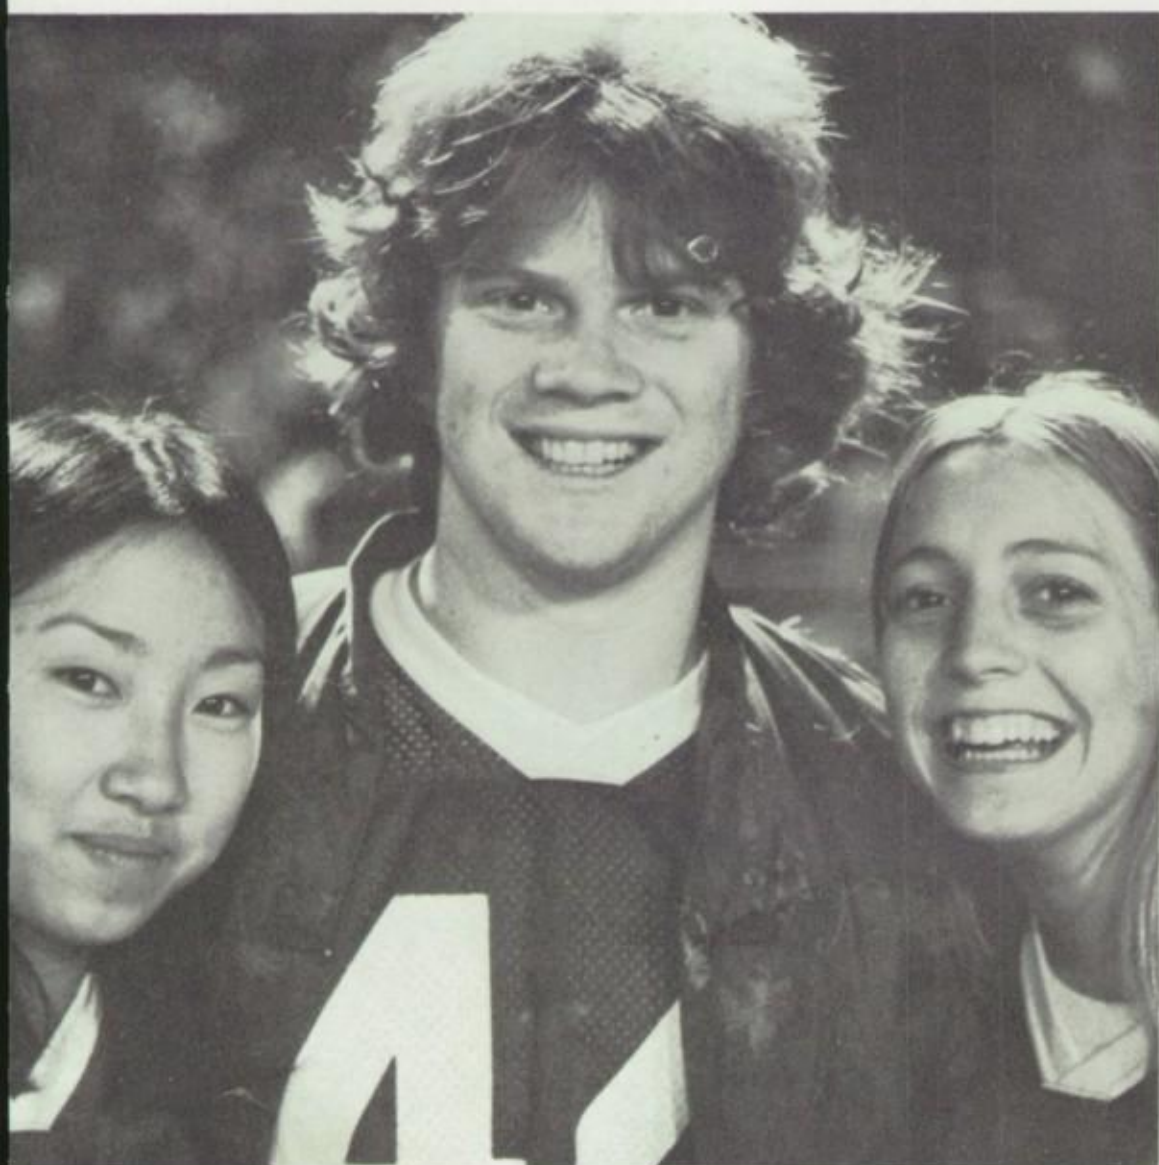

CHEESE!

Fred Astaire and Ginger Rogers

Who me?

Eat your heart out, Joe Namath!

Wouldn't it be easier if you xeroxed that book?

Canned again!

Give me my cookie back!

It's the only gum my mom lets me chew.

Two girls leaning against a VW.

What? . . . Where?

It's a living.

Artist at work.

In horticulture class.

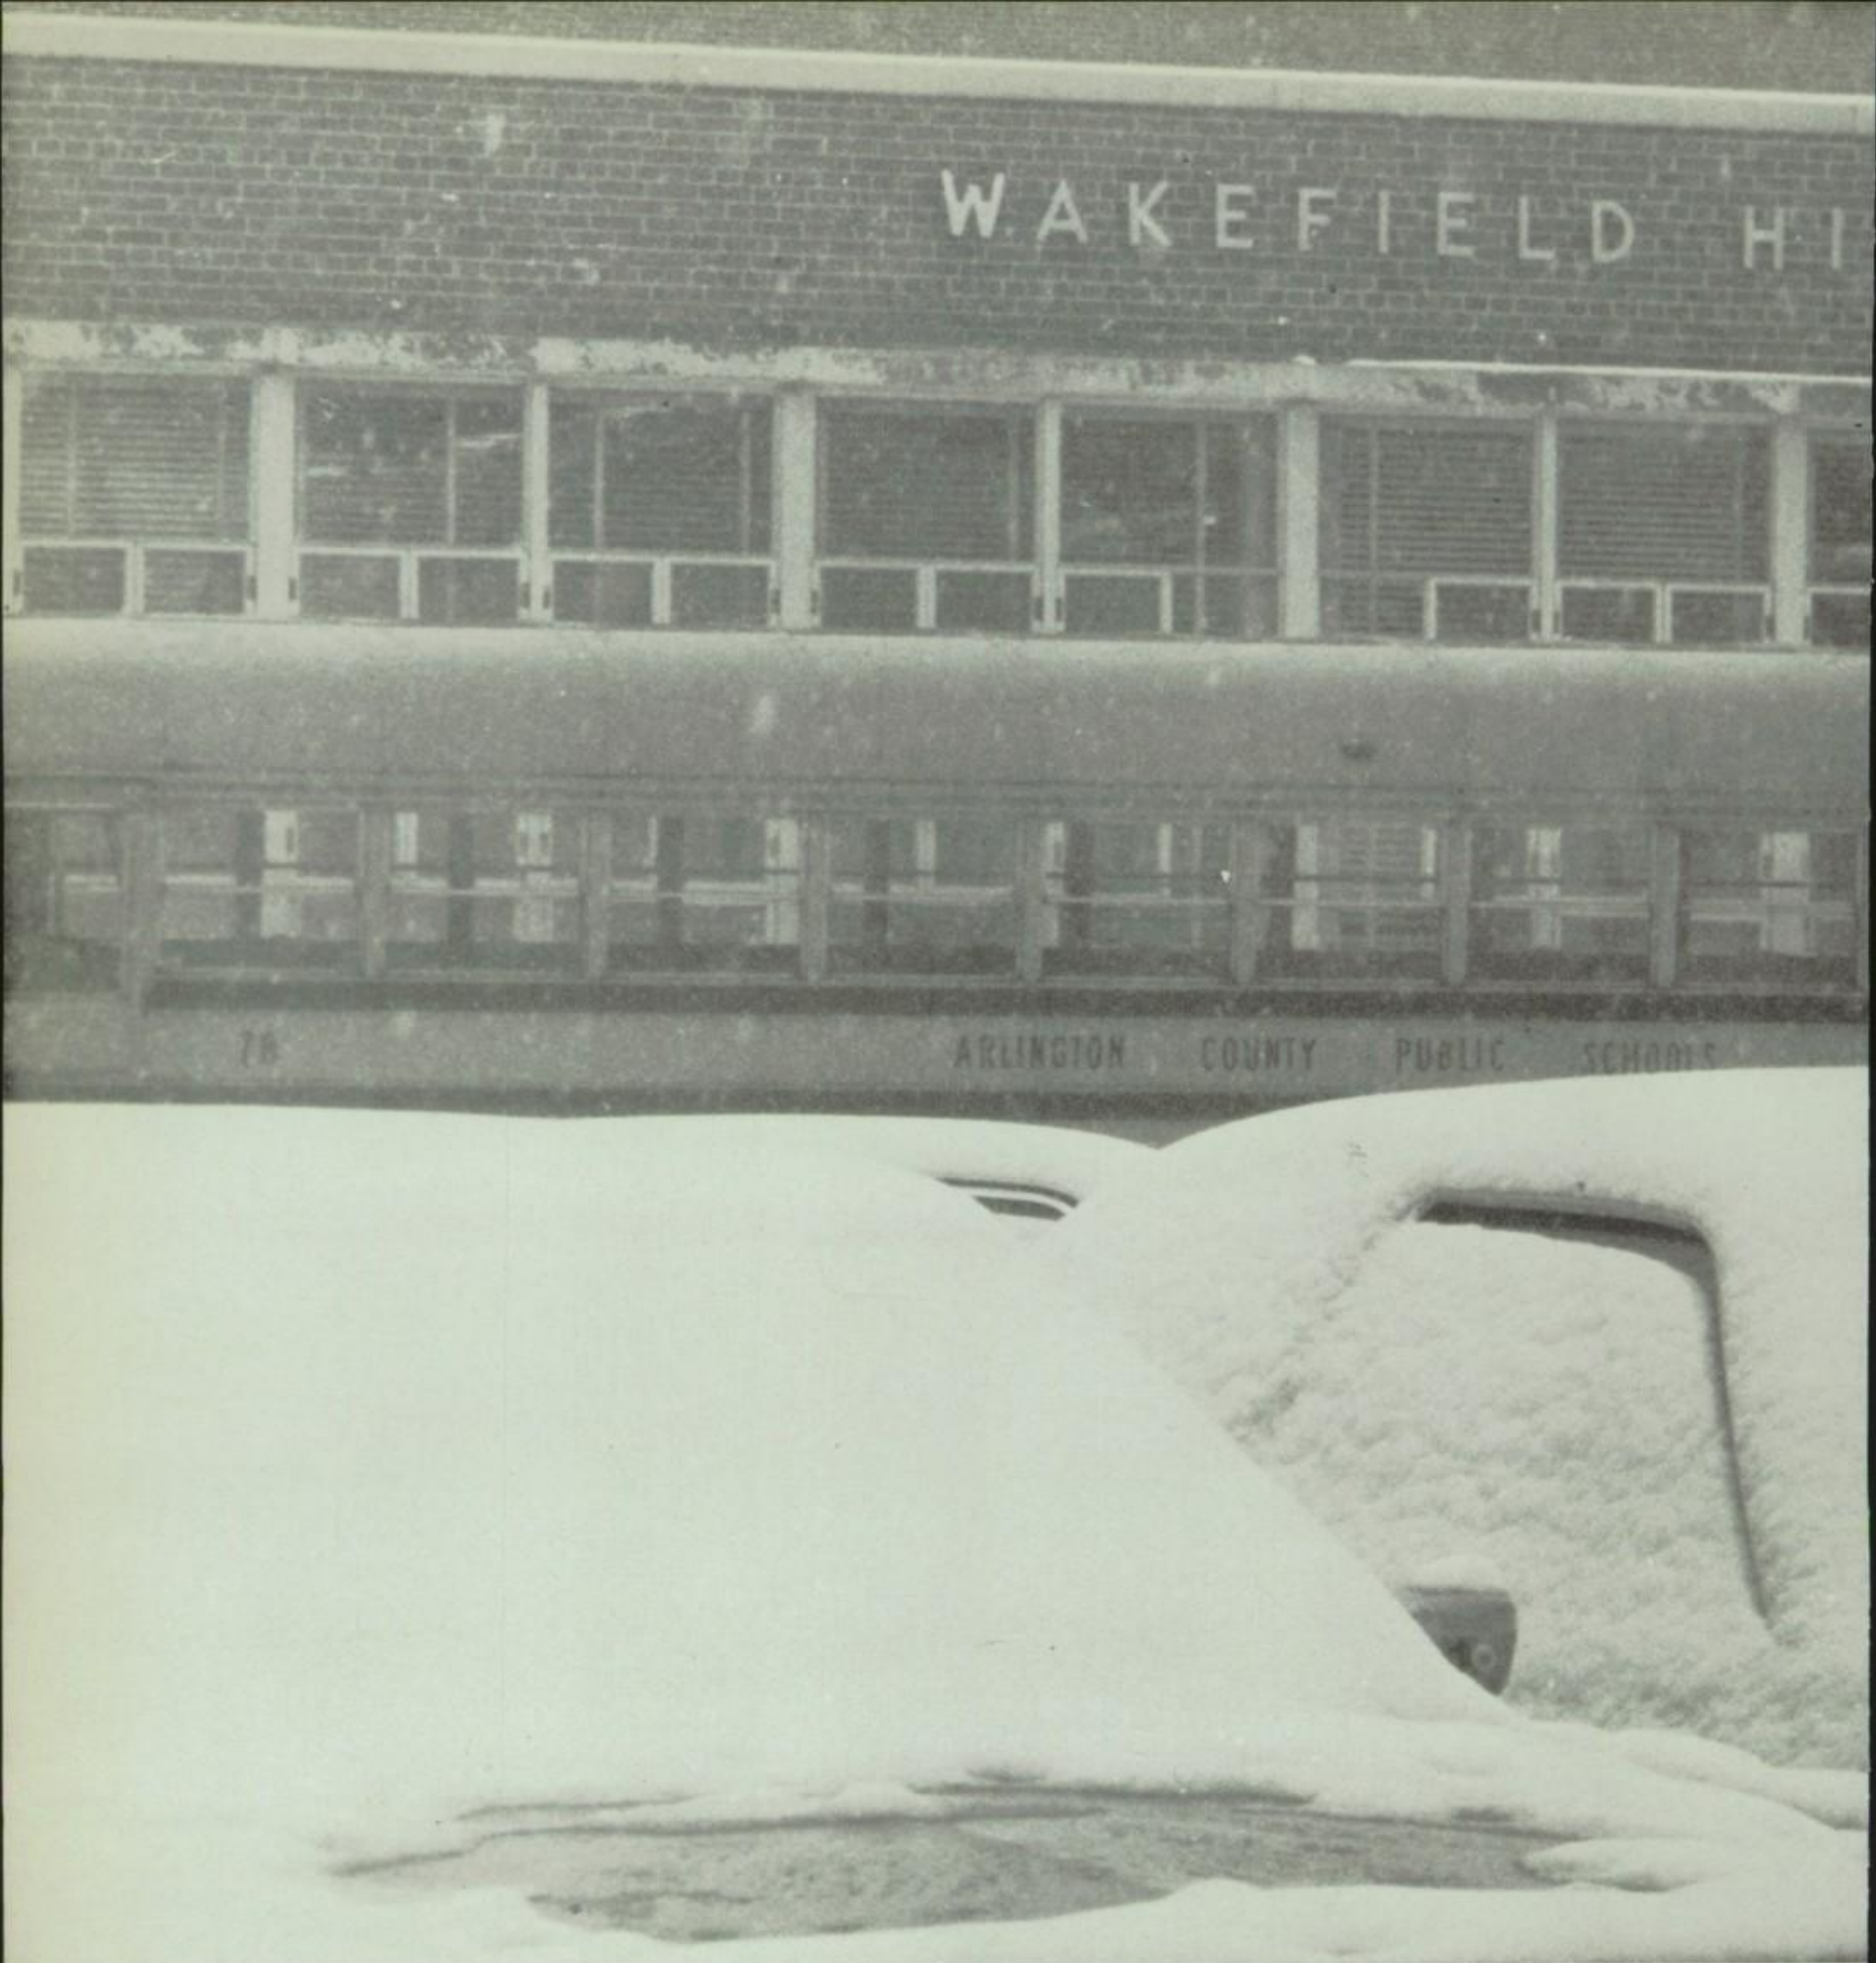

In home economics class.

In T.V. production class.

In T.V. production class.

I went there. Perhaps it seemed to me that
I had several more lives to live and could
not spare any more time for that one.*

Art Honor Society has worked very hard this year, but we could have never done it by ourselves. We would like to thank National Honor Society for helping us make money to buy the potter's wheel. We would also like to thank the student body and the administration for their cooperation in helping us with our bulletin boards. A special thanks goes to Mrs. Pajak for all the time, money and help she has given.

Halloween

One day a year a strange sensation comes over the people at Wakefield. On Halloween, or as near to that as a school day can get; all sanity breaks loose and Wakefield goes wild. This is the day you see everyone's inner personality. For that one day, the pressures of school seem to be forgotten; and we revert to our childhood fantasies.

Spirit

Spirit has proved to be a necessary element in the life of Wakefield students. This was demonstrated by the excitement at the Donkey Basketball Game. The coaches proved to be the masters of the donkeys as they beat both the faculty and the seniors. It was an enjoyable evening that gave us a chance to forget the pressures of school.

Sports

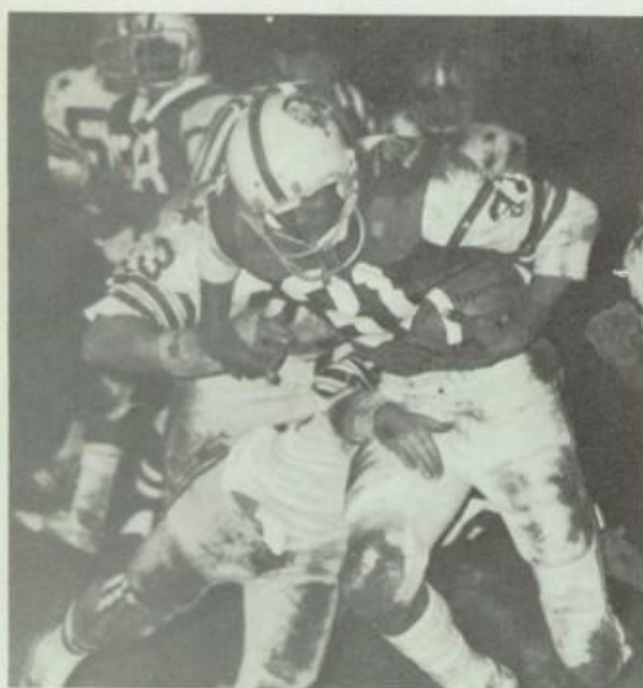

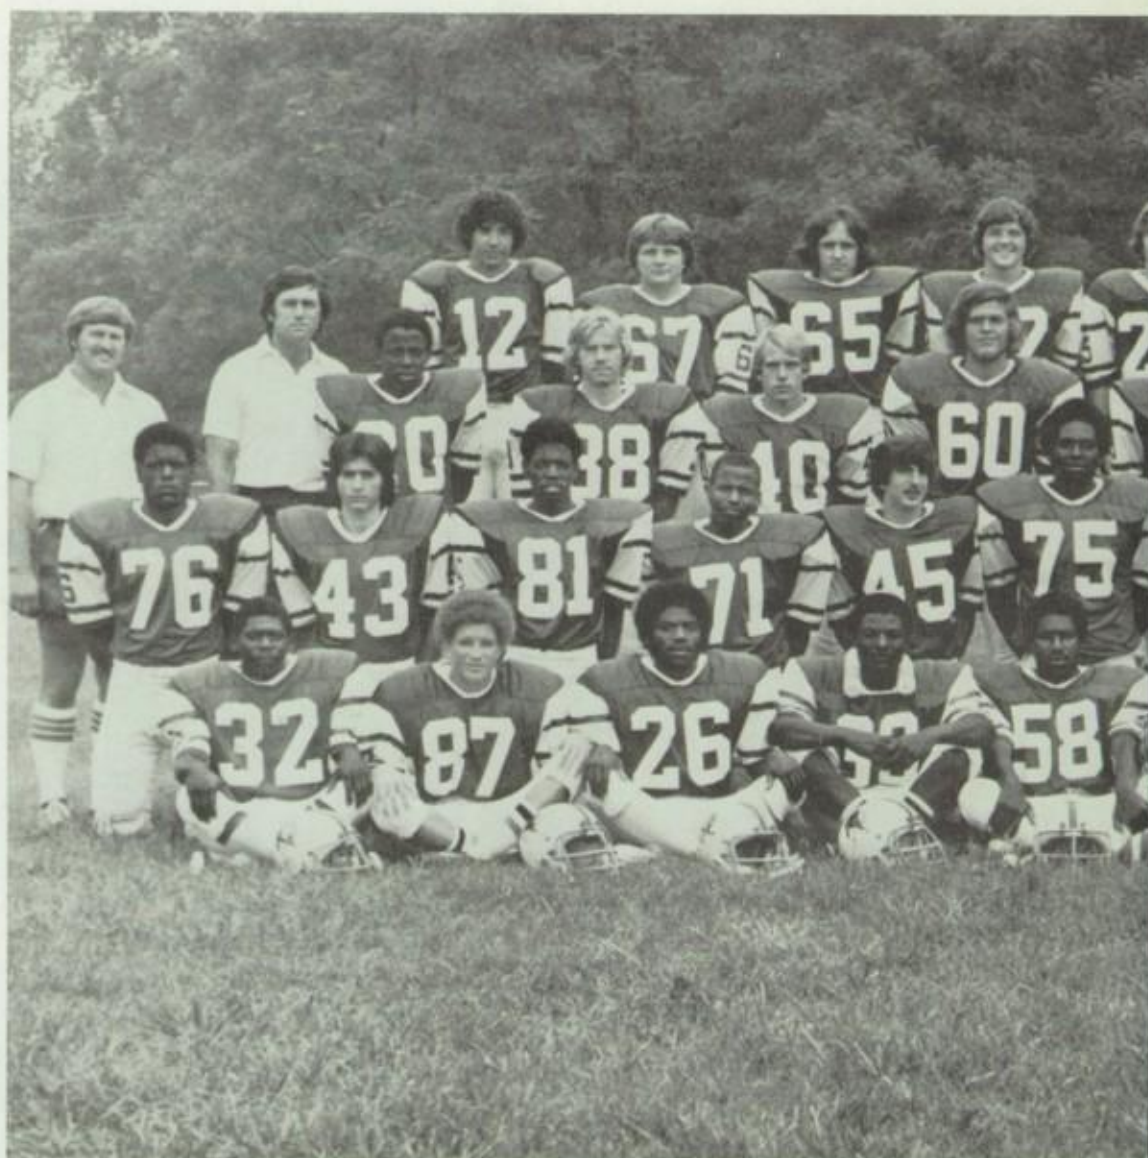

The Warriors completed another successful season, under third year head coach Bruce Hanson. Wakefield finished second in the Great Falls District with a 4-1-1 district record, and a 6-3-1 overall record. The season was highlighted by three outstanding games, a 14-3 win over district favorite Chantilly, an exciting 13-12 come-from-behind victory over previously unbeaten and the area's number one ranked team T. C. Williams, and a 28-8 crush of Langley in the season's last game.

The week of homecoming arrived on Monday, October 18, as classes put the finishing touches on their floats, and the traditional rivalry surfaced. During the week, each class worked to prove that they had the most spirit. This was climaxed during Friday night's half-time activities when the juniors won the float contest with their slogan, "Beat the Devil Out of W-L." Despite a devastating 7-7 tie on a cold, windy night; the excitement and festivities continued through Saturday night's dance.

Varsity Basketball

An "Easy" two!

The 1976-77 Wakefield Varsity basketball team was a high scoring, fast breaking outfit who consistently scored in the 70s, scored over 80 three times, hit 95 in their opening game, and scored an amazing 116, a school record, in their final home game against arch-rival Washington-Lee. An early season ankle injury to star forward Gerald Sherrill disrupted the team's momentum after opening up the year with a very impressive 20 point victory over area power Jefferson 95-75. The team regained their momentum and challenged for the district title all year long. Seasonal highlights included: Gerald Sherrill's five 30 plus scoring games including two 36 point efforts which tied the school record; Senior Seth Aldridge's 35 foot jump shot with 4 seconds to go in the game to dump Woodson 61-60 after being down 7 points with 50 seconds remaining in the game; Junior forward Ezell Stewart's gym shattering slam dunks and year-round domination on the backboards; Senior guard Clifton Johnson's excellent all-round play in keying the victory over league power Chantilly; and the pesky, always hustling play of 5'9" Junior guards Tony Roberts and Doug Mills.

End of year honors went to our two star 6'3" forward Co-Captains, Junior Ezell Stewart and Senior Gerald Sherrill. Both were All-District first team selections and both were honored on the All-Regional team. Sherrill was also the scoring champion in the region with a 23 point average. Guards Clifton Johnson and Tony Roberts received All-District honorable mention.

This year's grapplers finished, for the second year in a row, as undefeated district champions. For the fourth year straight, they won the Metro Holiday Christmas Tournament. After a slow start, the team finished with an overall record of 8-4. By defeating rivals W-L and Yorktown, they remained Arlington Co. Champs for the fourth straight year. The team finished fourth in the district tournament. Billy Dodge finished in 1st place, followed by Willie Avery, 2nd place; David Lee and Erik Grabowsky, 3rd; and Steve Gray, Ray Hartley and David Lewis, 4th.

Coaches

Coaches - those insufferable human beings who make you run, work out, do drills and generally tire you out after a long day of school.

What makes a person want to be a coach?

Is it the thrill of victory and the agony of defeat that compels him to be a part of it all? Or is it the secret desire to watch athletes at their finest moments? No, it has to be something

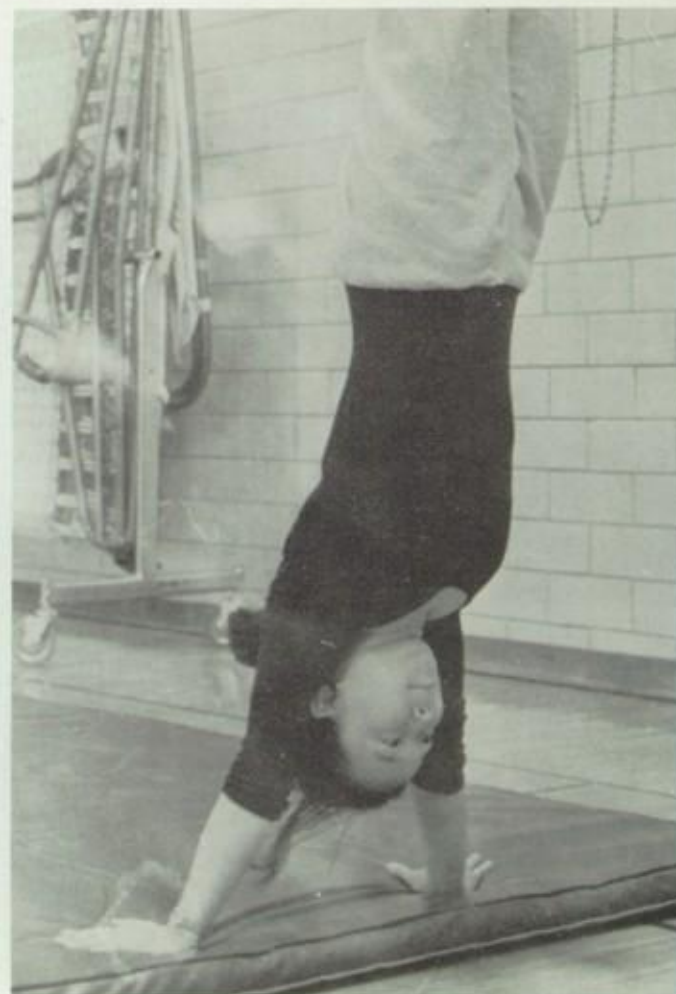

much more than that - something deep inside that makes a coach want to spend his afternoons coaching, his Saturday mornings coaching, and his evenings watching his team try their best. There has to be something extra there to make a coach willing to always be on call to his team. It has to be a desire to be with people and to help them. Anyone who is willing to give his all must be someone special. Such are the Wakefield Coaches - Thanks to you it's working.

Ha! Ha! Ha! I'm having an appendix attack!

Looking at things from a different point of view.

Stop! You have a run in your stocking!

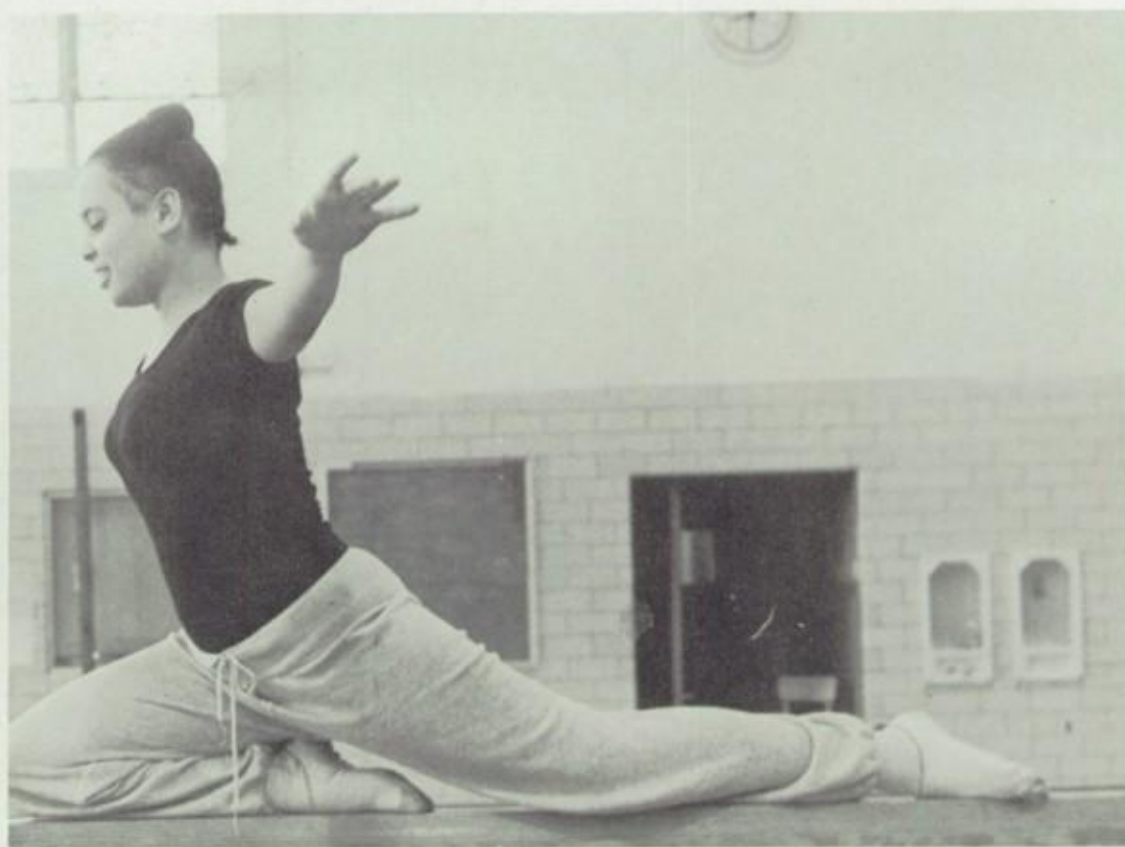

Warming the bench.

It's mine! It's mine!

Gimme that ball!

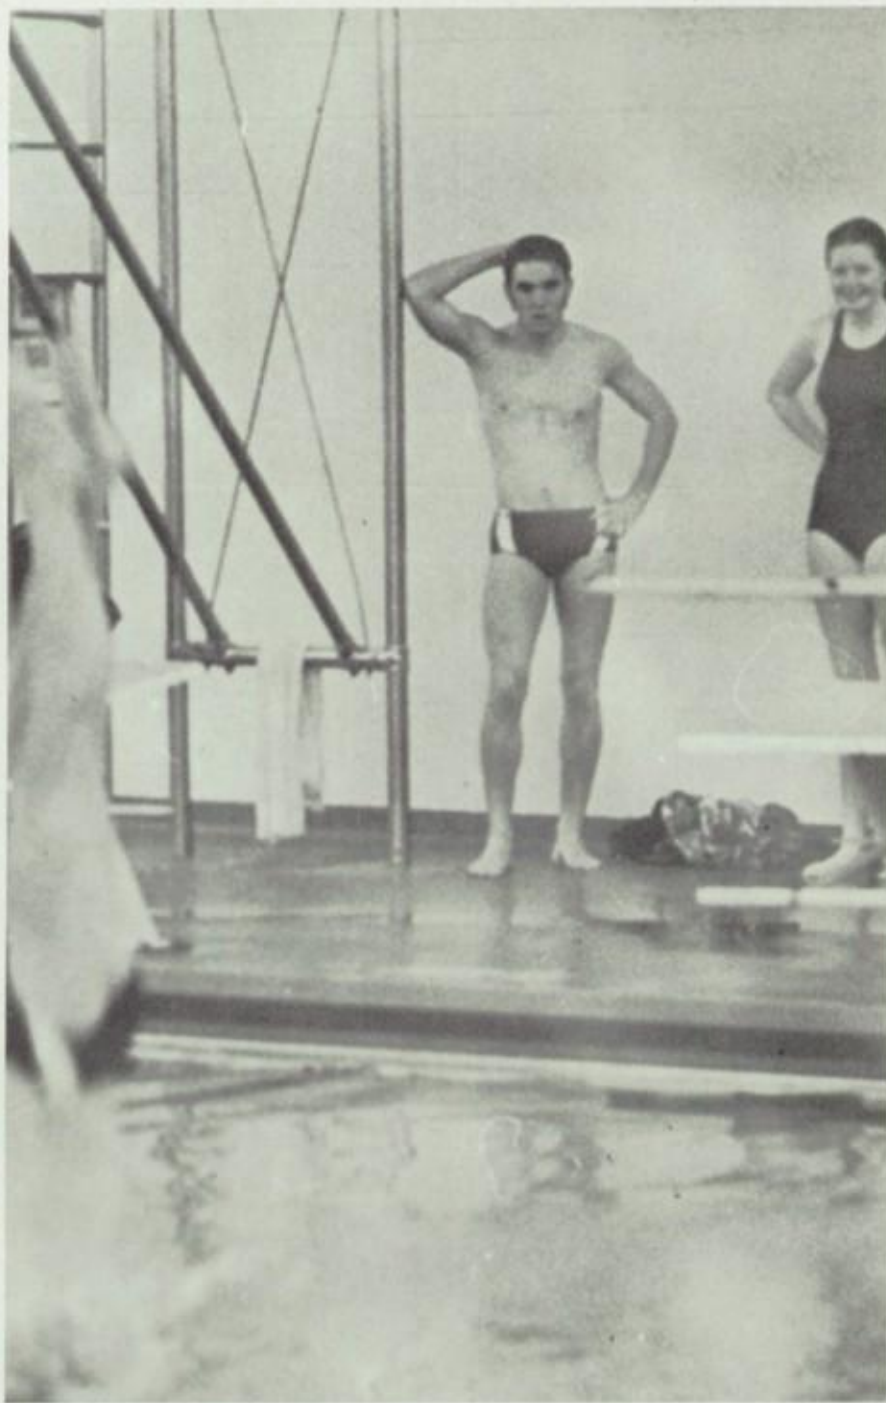

All it takes is a little balance.

Typical Wakefield victory.

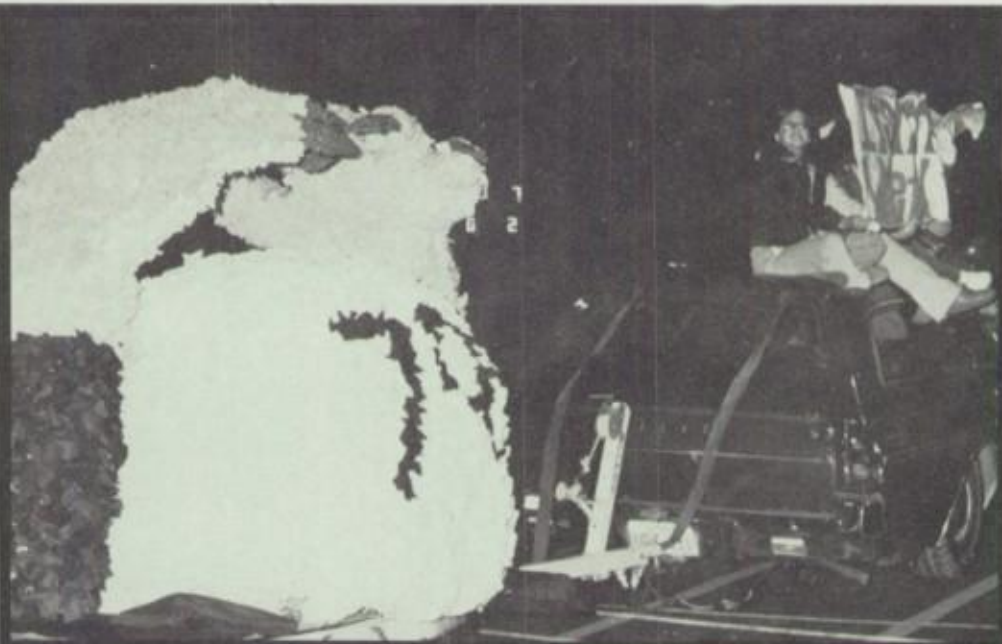

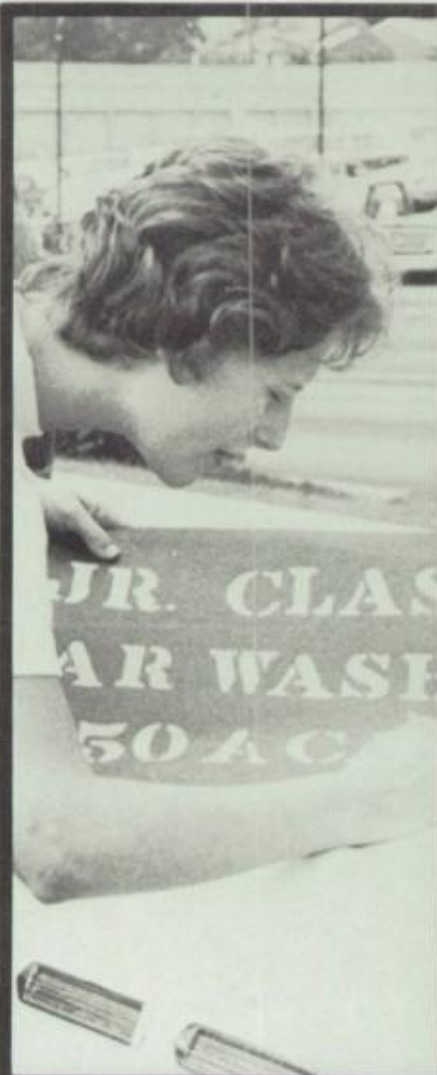

Jockette.

Sophomore Class

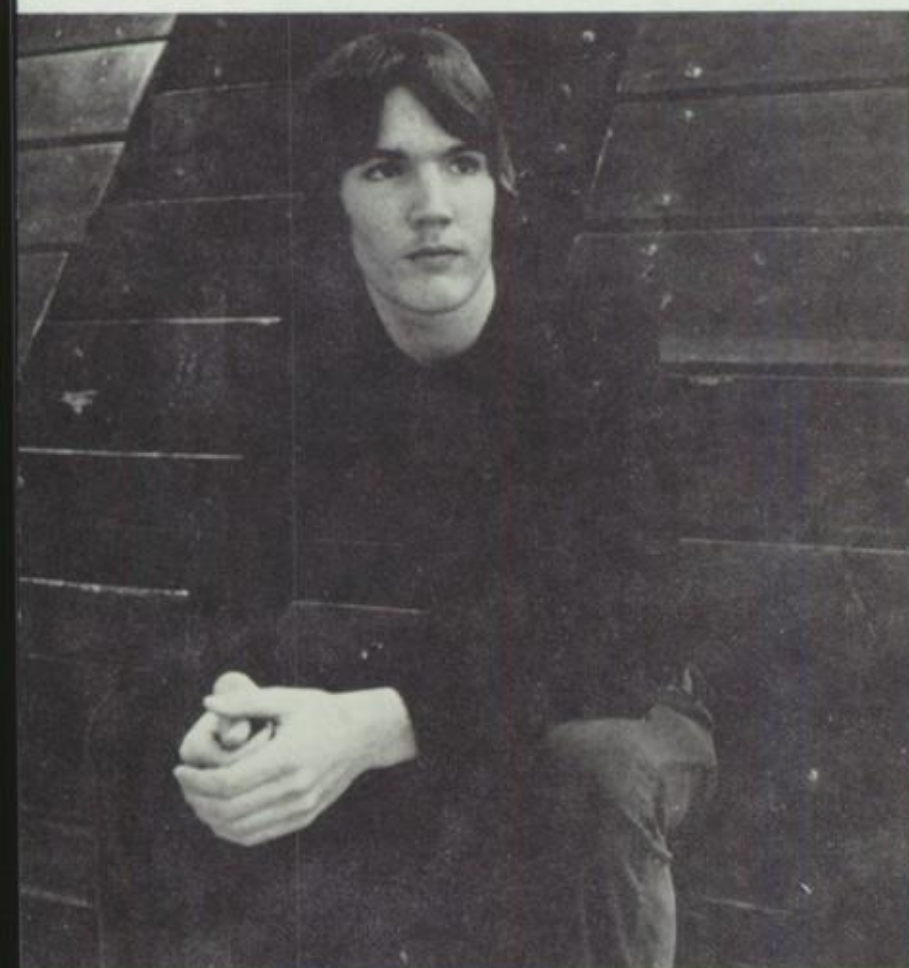

A Lovely Moment.

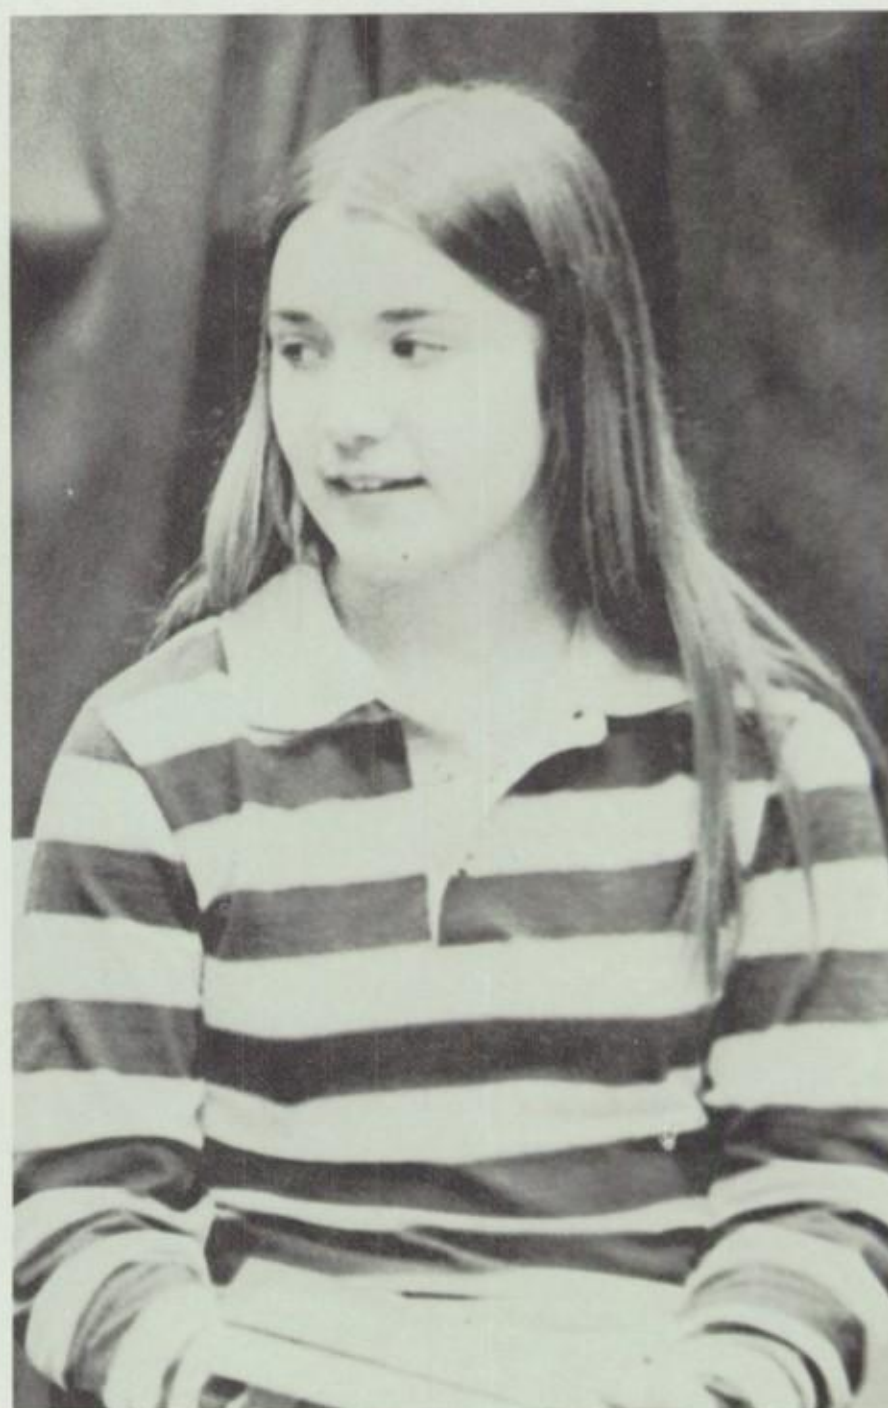

What? ? ?

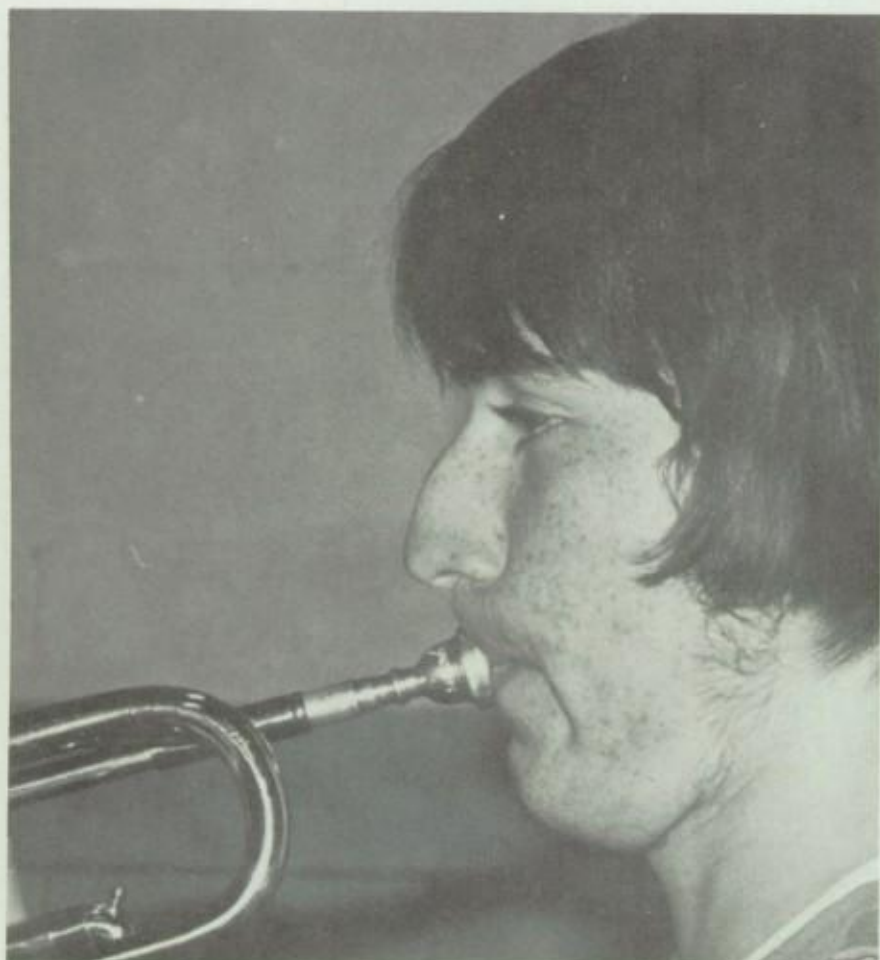

See number 30? That's my brother!

Snap my best side!

Did you hear the one about the . . .

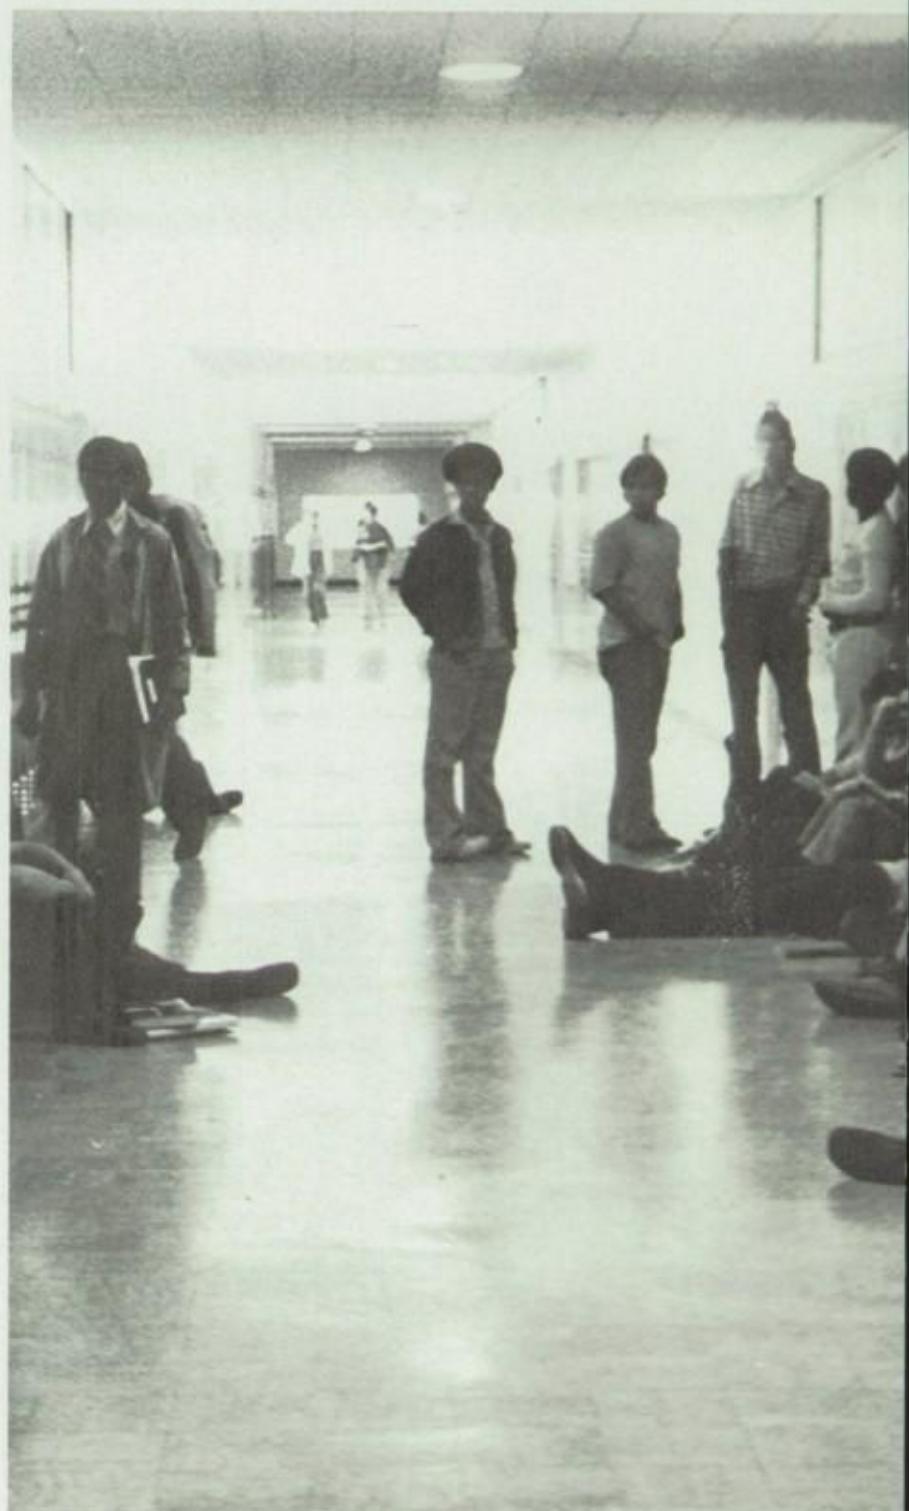

Little Boy Blue.

Yum, Yum, school lunch.

Wakefield's very own soul squad.

Loitering in the halls.

Soul Train.

Isn't the retirement age 65?

Wide-eyed innocence?

Acting up for the substitute.

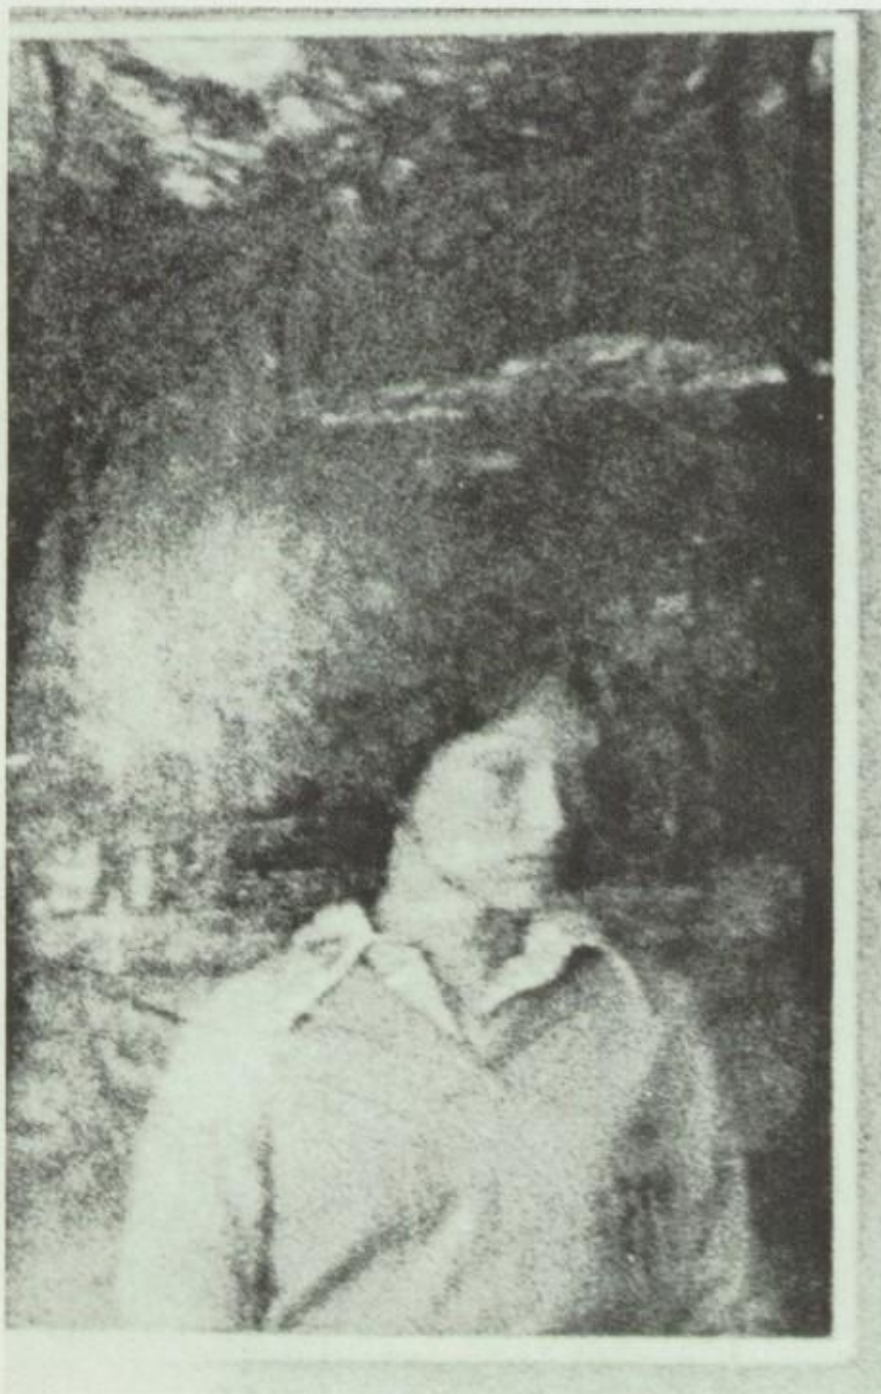

He can pin 'em with both hands in his pockets.

What is that on the floor?

Bret and his better half.

Misty memories.

Doing last night's homework.

Right there is the answer.

Snowed under.

Yeah, I'm talking to you.

Taking a break.

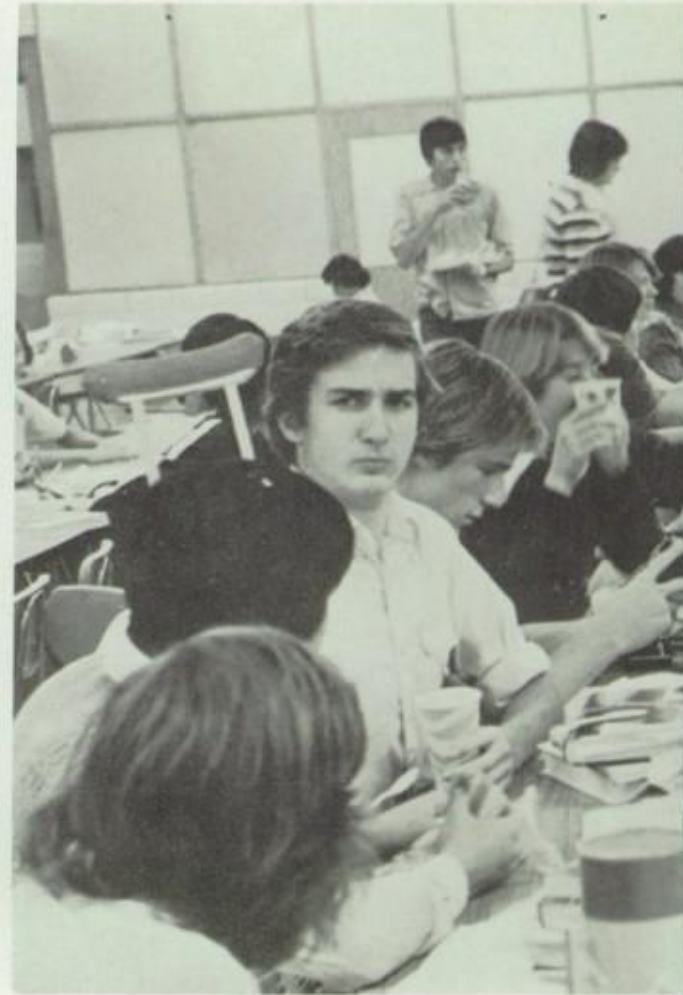

These new chairs are great!

Let's hit the showers.

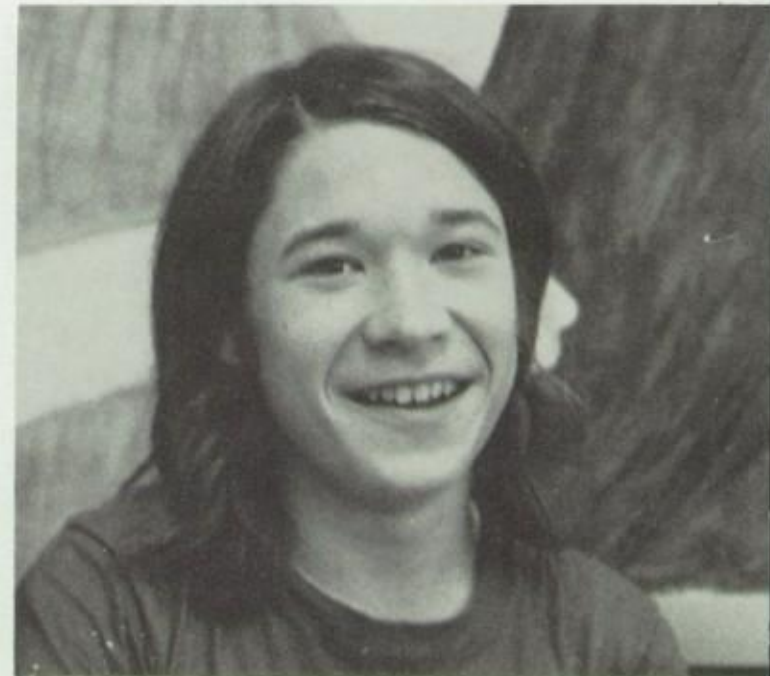

No, I'm NOT a sophomore!

Waiter!?!

The runners-up in the Ms. Wakefield Pageant.

Yeah, I'm C.B.

Pin Him!

Uh-oh! My old boyfriend.

Faculty

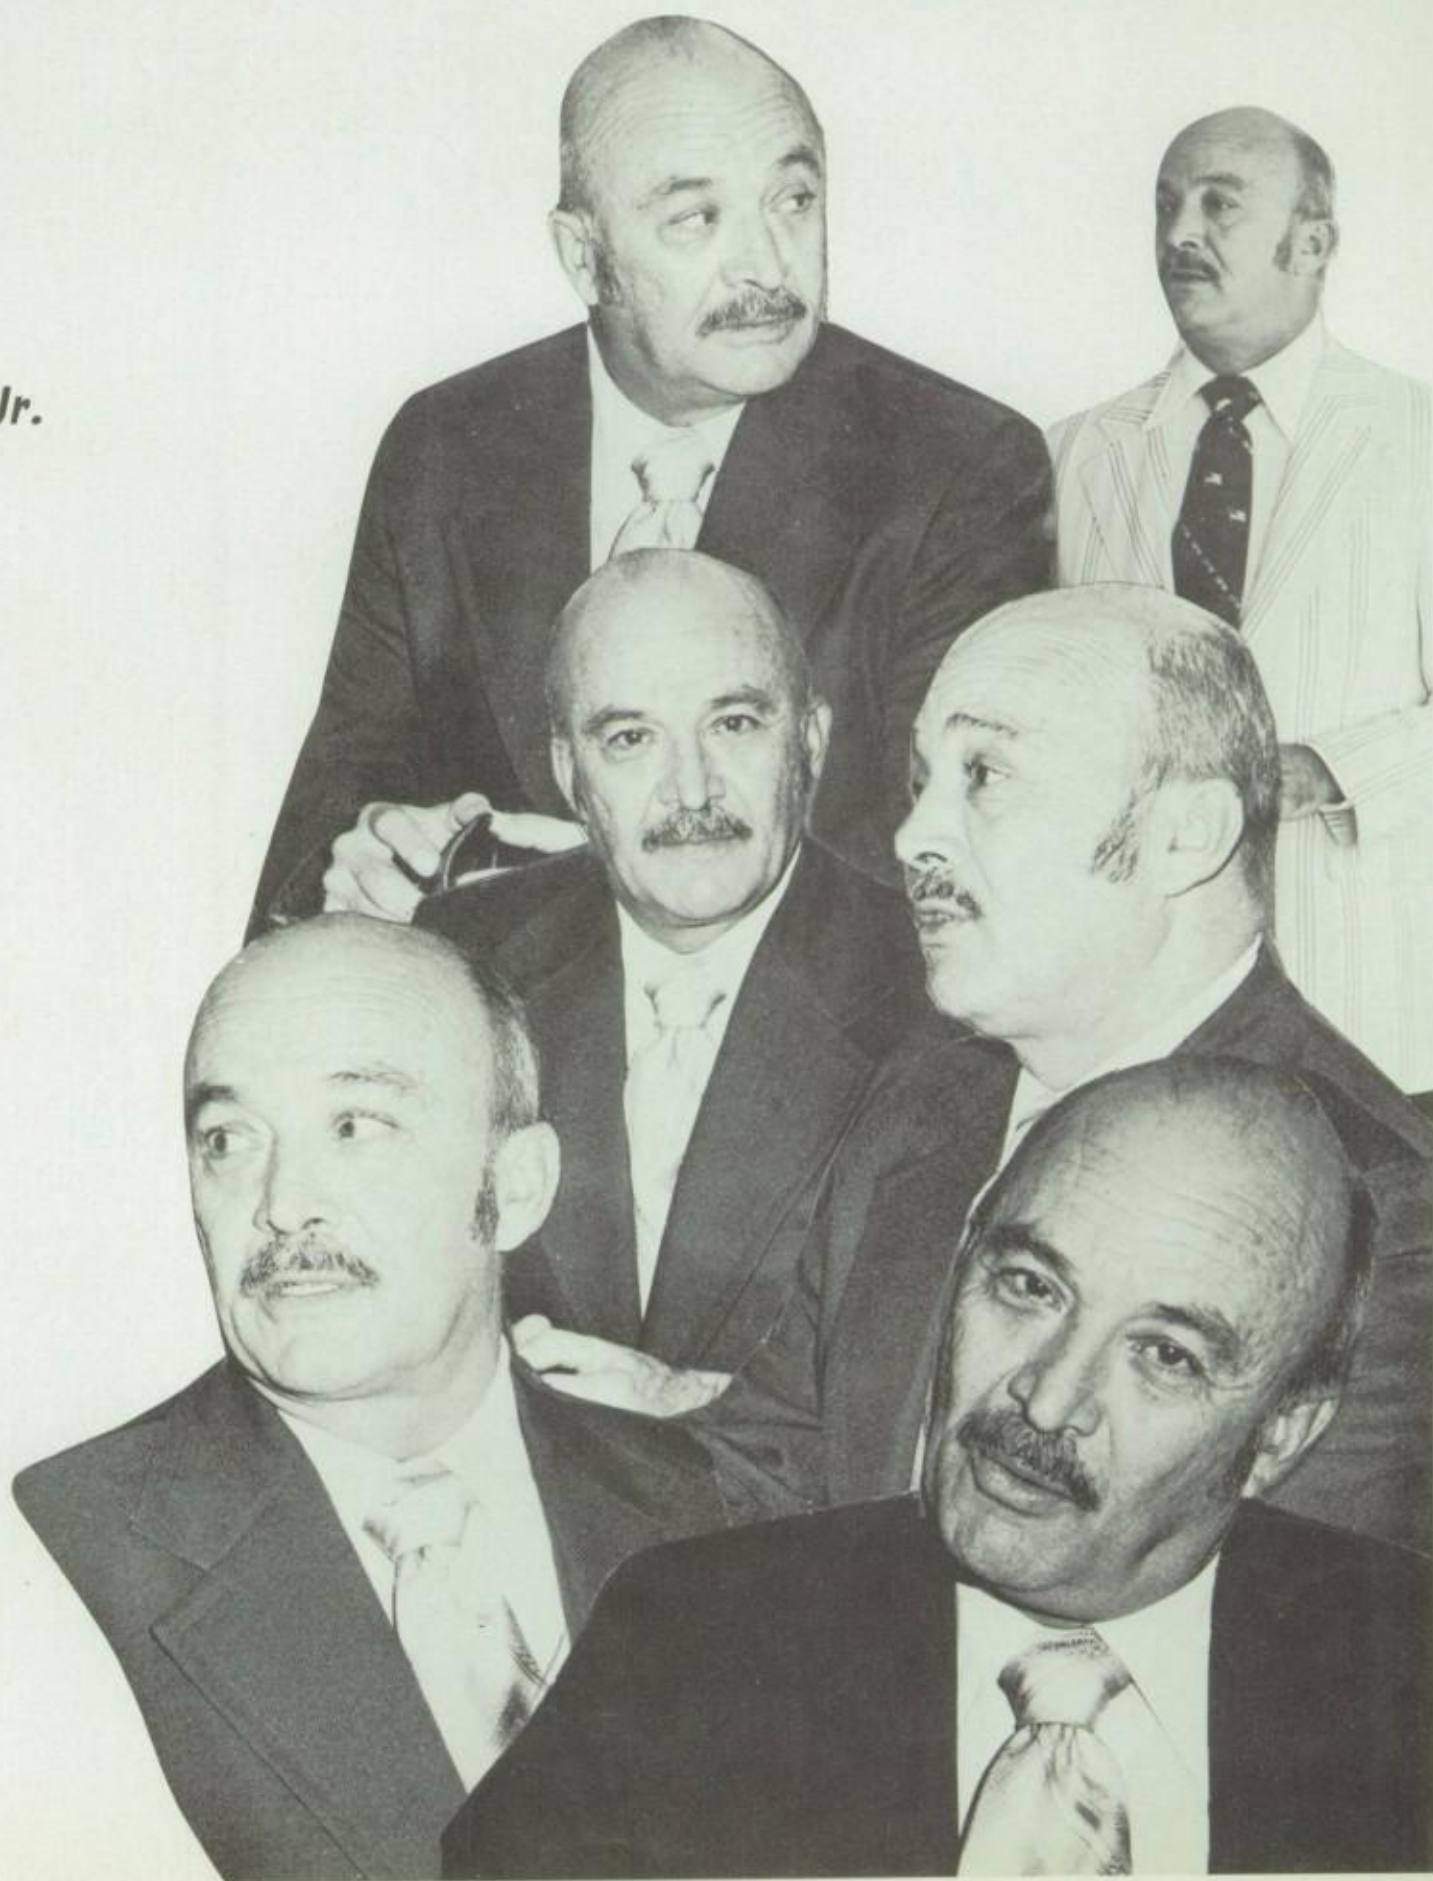

Wakefield High School serves as an effective educational institution in which a multi-ethnic and multi-lingual student body learns to cope with the complex problems of today's society. It is our hope that the contributions of the staff have prepared you to meet the challenges of the future.

In the past few years I have been impressed and pleased with the growing awareness on the part of students of the problems of their school and community. Equally important has been the recognition of individual differences in students and a growing tolerance of these differences. Since we live in a complex society complicated by individual differences, perhaps your most valuable lesson has been a recognition for tolerance of these differences.

To the graduating class, I say, thank you. The success of this year would not have been possible without your active leadership and support.

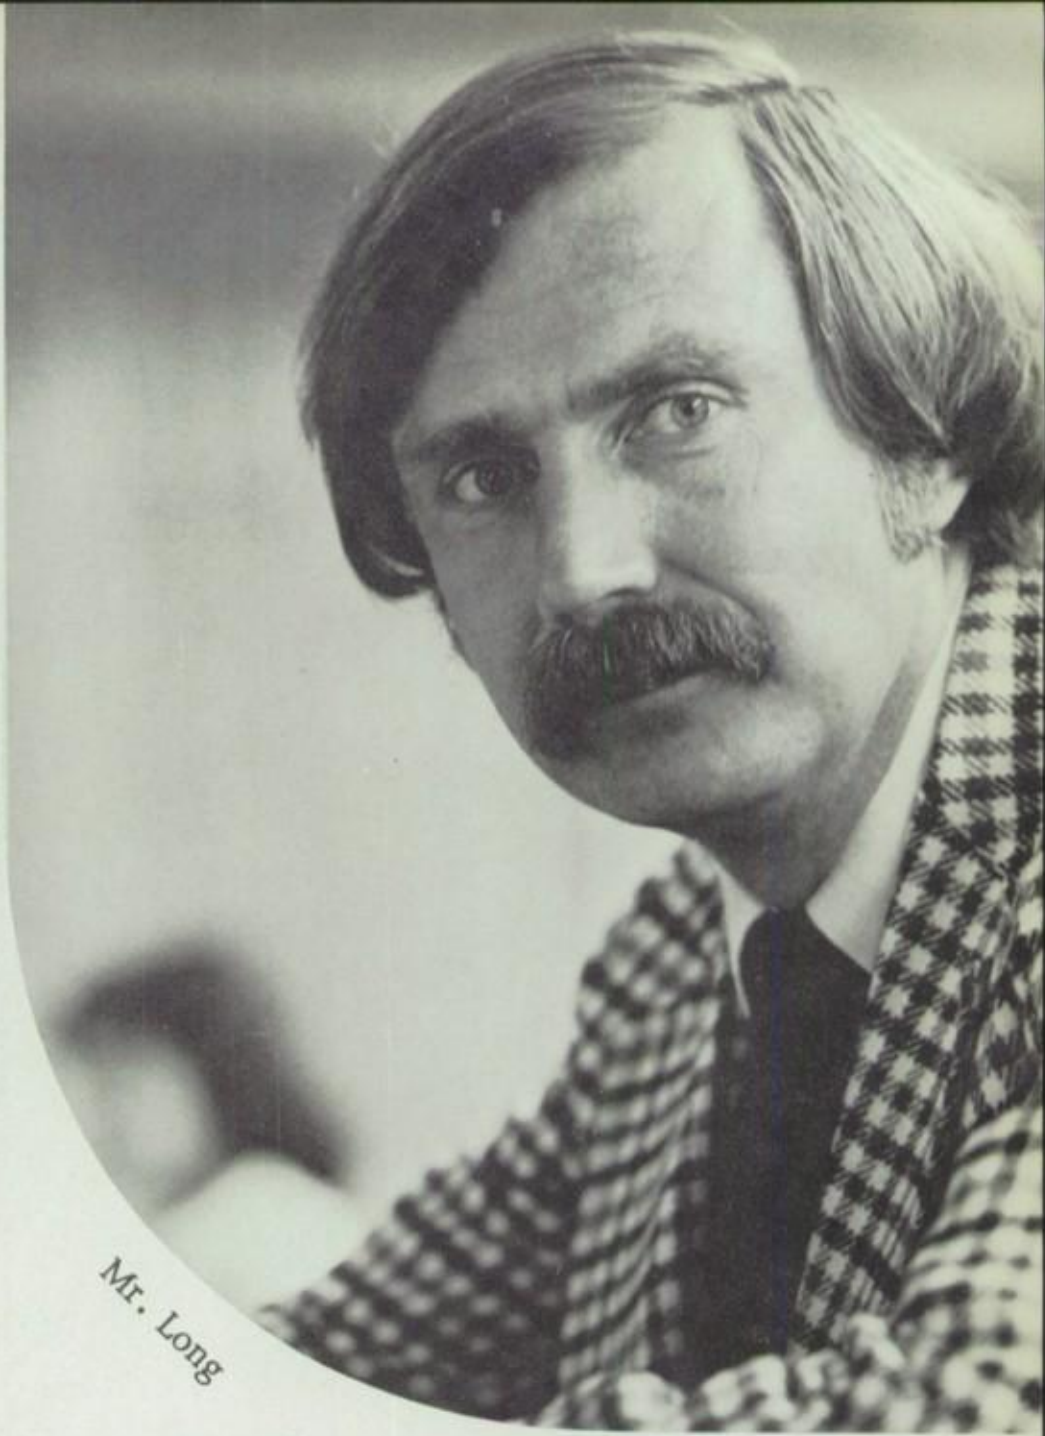

To those who remain, I look forward to our continued association, and I pledge to you a continuing effort to develop more effective means for student participation in the programs of the school. Together we can work toward preparing you for entry into a complicated society as a useful and productive individual.

Where else can you learn to paint, draw, type, take shorthand, bellow out songs and squeeze songs out of instruments? Why, the Art, Business and Music departments, of course! Each deals with people's individual talents and cultivates them to make them better. That's hard work.

The English Department is systematic - in American Literature, you learn about Hester Prynne and her scarlet "A" and Billy Budd's Christlike qualities; in World Literature you learn about Odysseus' travels in Ancient Greece and Don Quixote's impossible dream; and in British Literature, you learn about Hamlet's madness and Beowulf's great feats. When it's all over, you have the best collection of CLIFF NOTES and an unending knowledge of just what makes life tick.

The study of Social Studies can get very deep. First you study civilization, then you dig into the ancient cultures of the world; and then you study in depth the history of the United States. Finally, after all this knowledge is attained, you relate this to modern life and government. By the time you get through, you have learned the Golden Rule of Social Studies - whatever it is.

Out from the doors of the foreign language hall drone the sounds of Harcourt, Brace and World, Inc. educating today's students in the verses of foreign languages. They eventually produce students capable of existing in far-off lands, who if asked the right questions, can surely answer. For example, if someone asks you what is for lunch in Spain, you can easily answer, "I'm sure it's meatballs, today's Wednesday."

Within the study of math, security must be found in little things. If there is nothing else you take with you when you leave a math class, be proud to know that you have learned five skills that will hold you in good stead for the rest of your life; how to add, subtract, multiply, divide, and how to correctly push a function key on a calculator.

Every year, the mysterious world of science plagues the psyche of students. Within the jumble of metamorphosis, nuclear physicists, gamma radiation and s,p,d,f notation, there must be an explanation that would simplify it for anyone. There is, but the only ones who know it are scientists and they certainly are not going to tell.

What is it that makes gym teachers seem to want to teach Driver's Ed? Is it the devastating thrill of putting your life on the line five days a week, or is it a secret desire to be on the move all the time? . . . It must be something much deeper if you are willing to sacrifice your life on both the basketball court and in a Driver's Ed car.

Out of the doors of the Home Economics hall come the sweet smells of popcorn, candy, cakes, French toast and other exciting delicacies. Dedicated to Mrs. Hilton from all those at Wakefield High School who loved and worked with her. May her spirit and faith touch each one of us.

*If I could save Time in a bottle
The first thing that I'd like to do
Is to save every day
'Til Eternity passes away
Just to spend them with you*

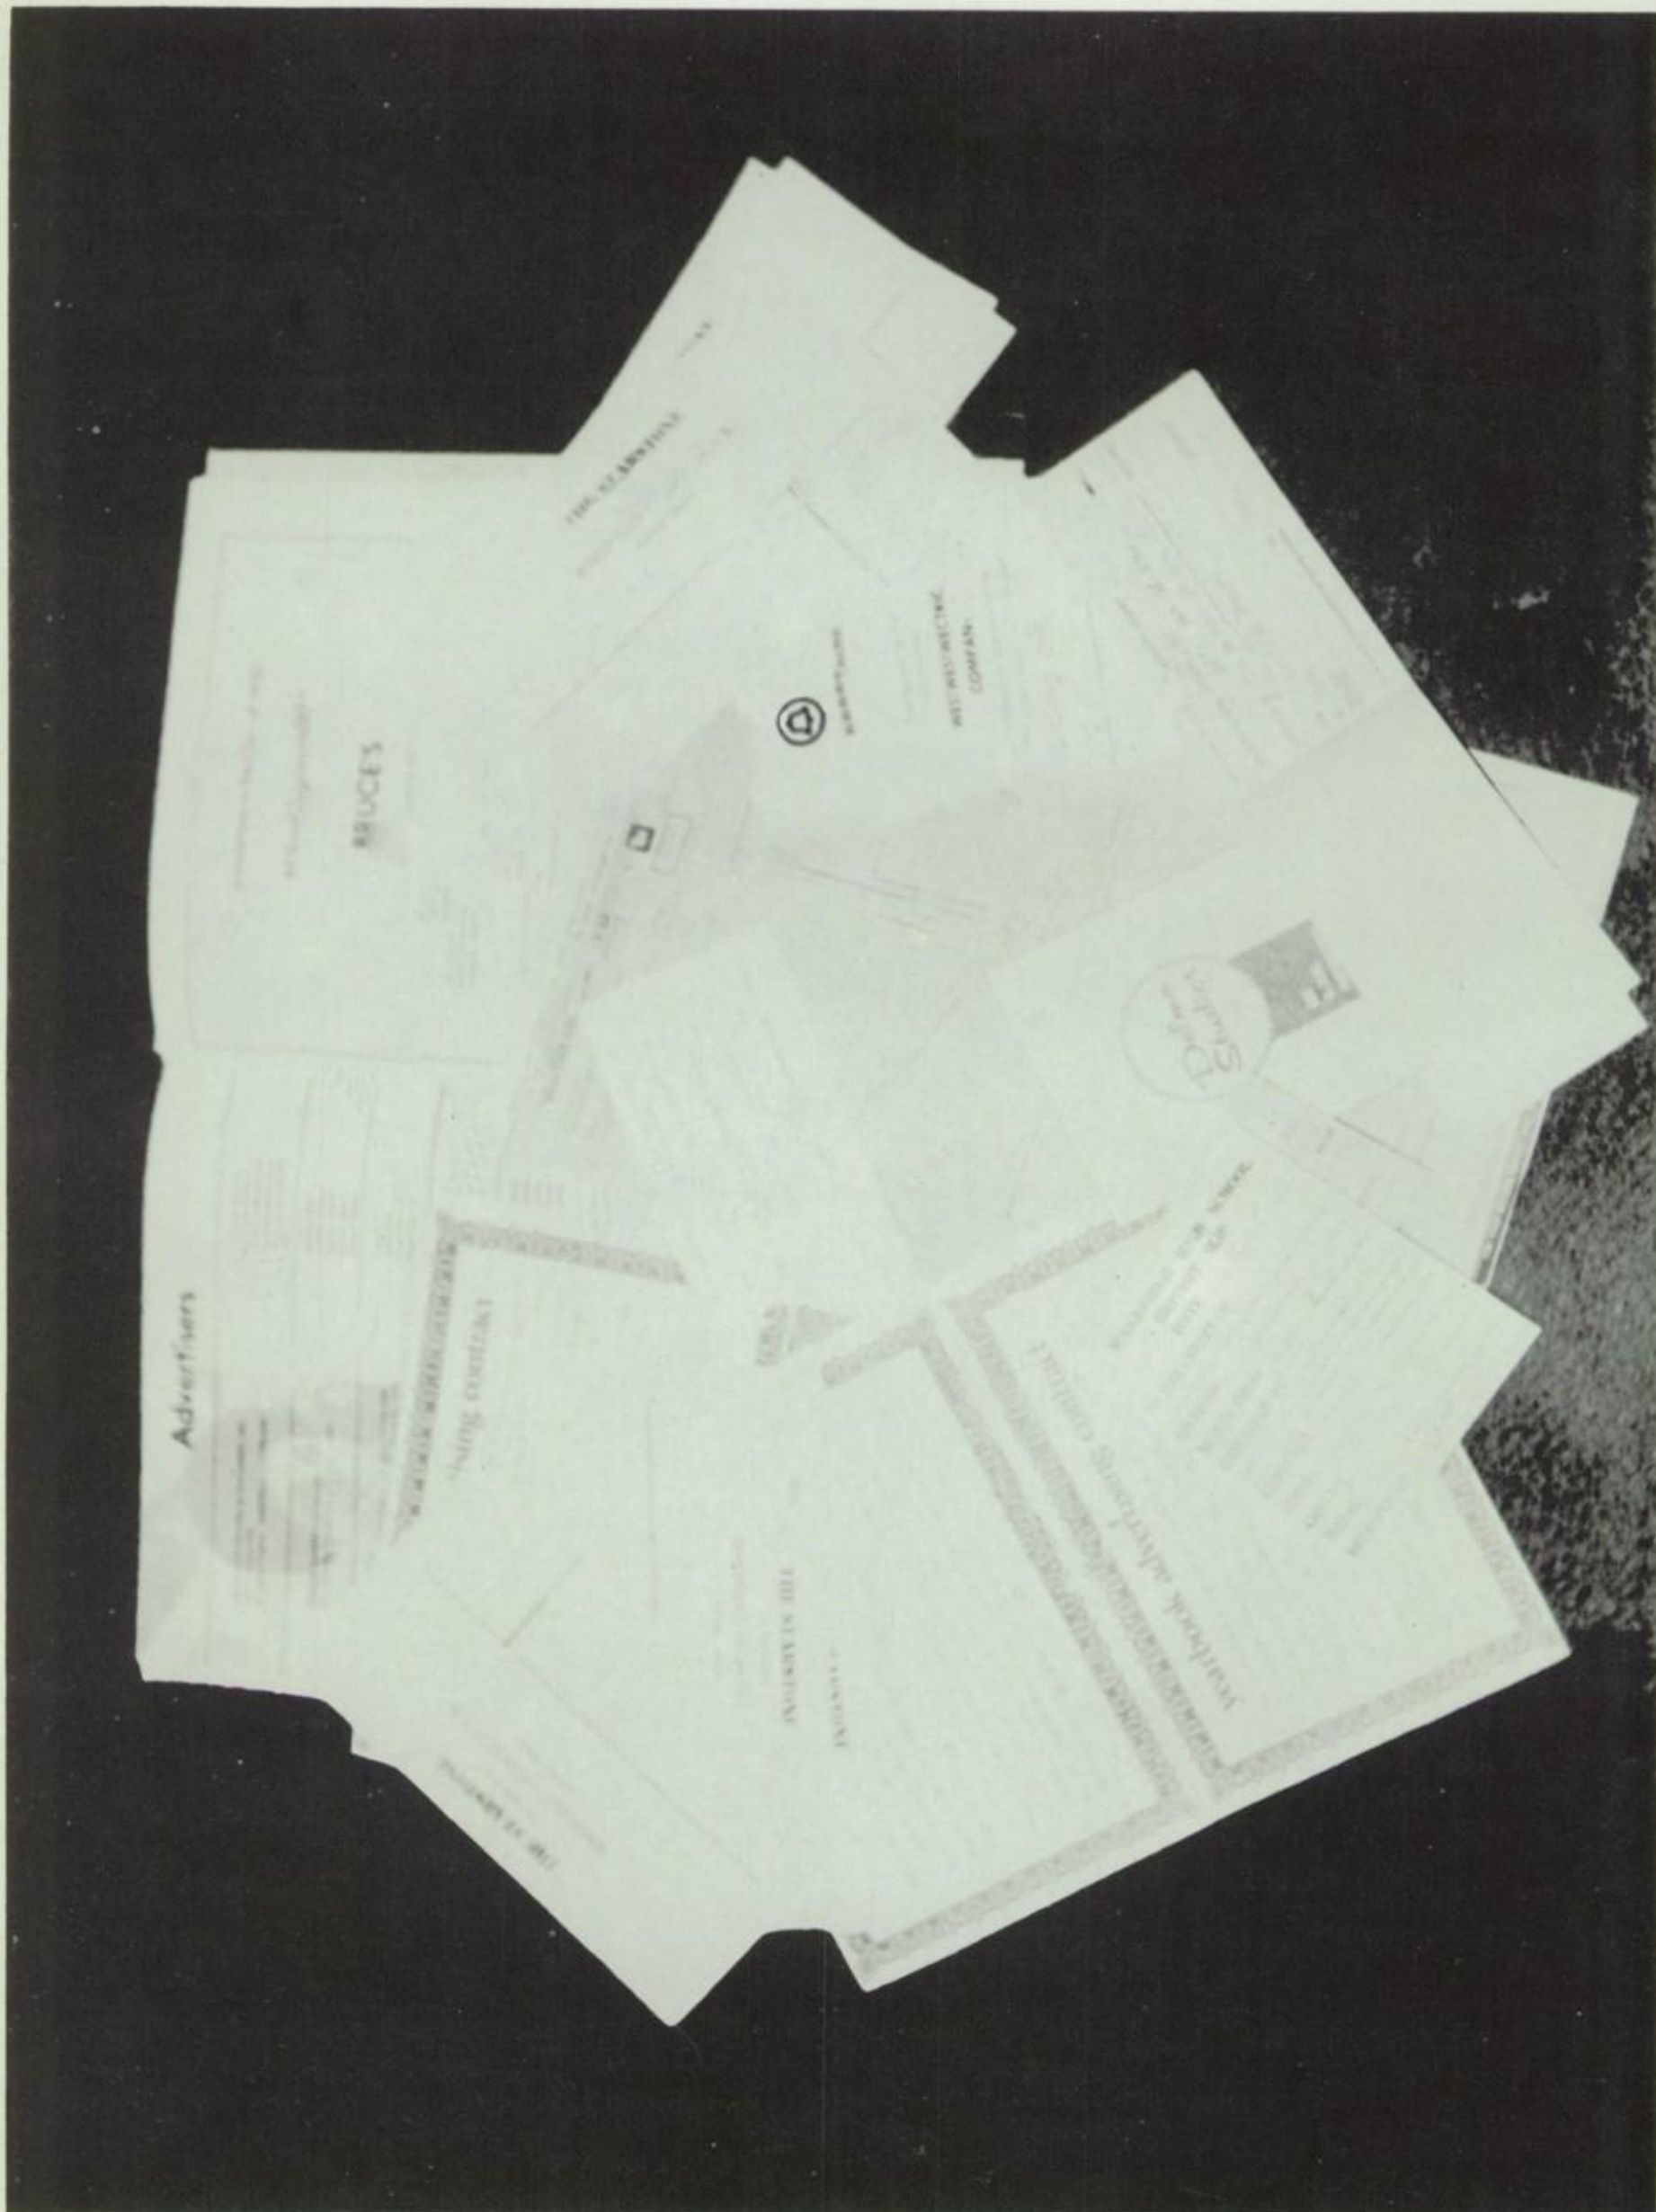

*If I could make days last forever
If words could make wishes come true
I'd save every day like a treasure and then
Again, I would spend them with you*

*But there never seems to be enough time
To do the things you want to do
Once you find them
I've looked around enough to know
That you're the one I want to go
Through time with*

*If I had a box just for wishes
And dreams that had never come true
The box would be empty
Except for the memory
Of how they were answered by you*

*But there never seems to be enough time
To do the things you want to do
Once you find them
I've looked around enough to know
That you're the one I want to go
Through time with*
